Citrus FoamSolve

*Touchless Automotive Presoak
and Pressure Wash Detergent*

A high performance, mildly alkaline detergent for use in car washes and pressure washing applications. Removes road film and soil buildup from automotive and other surfaces when used in manual and automatic car washes. Fortified with d'limonene, a citrus by-product with tremendous soil and grease cutting characteristics. Ideal for automatic presoaking in tunnel washes, or as a pre-solve emulsifier for tar, bugs, heavy road film and grease deposits. Very high foaming characteristics also makes this product an excellent manual car wash with greaset soil removal capabilities. High foam extends contact time on vertical surfaces. Pleasant citrus fragrance.

Directions for Use

For presoaking in touchless car wash applications, dilute this product at 50-100:1. Dilutions will vary according to equipment type, water hardness and desired foam level. Apply at low pressure to dry surface--do not pre-wet--using foaming spray nozzles or foam aeration if possible. Allow several minutes contact time, then rinse completely with hot, high pressure water (1,000 psi or higher). For brush presoaking of tar and heavy grease, dilute 8-32 ounces per gallon of warm water. Apply liberally with a pressure washer (at low pressure), cloth, or sponge, then use a suitable brush to scrub away soil. Rinse completely. For manual car washing, dilute 1-2 ounces per gallon of water.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Orange Liquid
Odor	Citrus
Alkalinity (as NaOH)	Low
pH (1% solution)	<11.0
Foaming	Very High
Flash Point	>200°F
Bulk Density	approx. 8.40 lbs./gal.
Solubility in Water	100%
Rinsing	Excellent
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Very Good
Freeze/Thaw Stability	Complete

Package Size Product Code

5 gal. pail	#81005
55 gal. drum	#81055
