Deep Clean

High Performance Enzyme No-Rinse Floor Cleaner

Deep Clean represents the latest technology in cleaning and deodorizing products for kitchen and restroom floors. Incorporates a synergistic chemistry which provides not only superior removal of surface grease and soil, but also residual cleaning performance. Contains specialized proprietary ingredients which penetrate grout lines, cracks, crevices, etc. and provide continuing biodegradation of organic soils. Metabolic enzyme action eliminates the embedded grease, dirt and organic matter that is not removed by typical floor cleaners. Also counteracts foul odors caused by accumulated organic matter in drains, mops, grout lines, etc. Helps keep drains open by digesting grease and oil buildup in drain lines. Non-corrosive, non-toxic and completely biodegradable. An essential product for every kitchen sanitation program.

Directions for Use

Sweep floors and wipe up spills before use. For normal daily cleaning, dilute 1-2 ounces of this product per gallon of warm water into a mop bucket. Apply solution liberally to floor with a clean mop. Allow solution to remain on floor to penetrate soils. To facilitate soil removal, scrub floor with a mop or deck brush, then dry mop or squeegee the floor to absorb excess moisture. Do not rinse the floor--allow to air dry before reuse. Pour excess mop water into drains to help eliminate grease buildup and malodors.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Green Liquid
Odor	Lemon
Alkalinity (as NaOH)	None
pH (1% solution)	<10.0
Foaming	High
Flash Point	>200°F
Bulk Density	approx. 8.80 lbs./gal.
Solubility in Water	100%
Corrosive Content	None
Phosphorous Content	None
Hard Water Performance	Very Good
Freeze/Thaw Stability	Good
Enzyme Type	Proprietary Blend
Biodegradability	Complete

Package Size Product Code

2x1 gal. case #32421
