DermaFoam

Premium Foam Lotion Hand Soap

A premium quality lathering hand soap for use in industrial and institutional applications. Produces handfuls of rich, creamy foam for a luxurious hand washing experience. Formulated with a cosmetic-grade surfactant system for thorough cleansing while emollients and humectants assure exceptional mildness. Contains PCMX, a broad-spectrum antibacterial agent which reduces many types of germs on contact. Leaves skin velvety smooth and soft with a pleasant “after-feel.” When used with a foaming hand soap dispenser, this product helps to reduce hand soap consumption dramatically. Pleasant fragrance fragrance.

Directions for Use

This product is designed for use in foaming hand soap dispensers. Apply a sufficient amount of **DermaFoam** lather directly to the hands without pre-wetting. Scrub hands and wrists and well to remove grime, especially under fingernails and cuticles. Continue scrubbing for at least 15 seconds, then rinse completely. Repeat as necessary.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.
