

Product Bulletin

EcoSoft

Institutional Fabric Softener

High performance fabric softener for use in automatic dispensing equipment in institutional and industrial laundries. Imparts a soft, silky finish on all types of fabric. Reduces drying time, improves the efficiency of ironing and helps eliminate static cling. Fresh floral fragrance.

Directions for Use

The amount of this product to be used will vary according to the load size, soil type and amount, water conditions, and other factors. Your Service Representative will analyze these variables and set up dispensing equipment and usage concentration accordingly. In general, use 2 to 4 ounces of this product per 50 lbs. of load size where normal soil levels and water conditions are present. (Do not pour this product directly onto fabrics as spotting may result).

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	White Liquid
Odor	Fresh Floral
Alkalinity (as NaOH)	Low
pH (1% solution)	<7.0
Foaming	Moderate
Flash Point	>200°F
Bulk Density	approx. 8.40 lbs./gal.
Solubility in Water	100%
Rinsing	Complete
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Very Good
Freeze/Thaw Stability	Complete

Package Size Product Code

5 gal. pail	#28405
15 gal. drum	#28415
55 gal. drum	#28455
