GRID IRON

Thickened Foaming Oven & Grill Cleaner

Dissolves tough deposits of built-up grease and carbon on fryers, grills, stoves, exhaust fans, hoods, filters and barbecues. Fortified with high concentrations of solvents, surfactants, and powerful alkalis for unsurpassed penetration and removal of stubborn soils. Thickened foaming formula extends contact time and cleaning performance on vertical surfaces. Non-flammable. Not recommended for use on aluminum, tin, pewter or other non-ferrous or galvanized metals.

Directions for Use

Ovens and Grills: Scrape heavy food deposits from surface to be cleaned. Heat oven or grill to about 130°F--do not heat above 160°F as violent splattering may occur. Use **Grid Iron** at full strength. To maximize foaming, adjust spray nozzle for widest spray pattern. Apply liberally to surface and allow several minutes contact time to penetrate soils. Scrub with a rag, sponge or brush. Use a non-abrasive pad for stubborn soil deposits. Flush surface with vinegar or mild acid solution to neutralize alkalinity, then rinse completely with clean water. Recoat promptly with cooking oil.

Deep Fat Fryers: Drain oil and remove food debris. Fill with water to grease line, then add 28-32 ounces of this product. Bring to a low boil for 15-20 minutes, then allow to cool. Drain fryer, scrub any remaining food deposits, neutralize with vinegar or a mild acid solution, then drain, rinse with water and re-fill with cooking oil.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Yellow Liquid
Odor	Citrus
Alkalinity (as NaOH)	Very High
pH (concentrate)	>13.0
Foaming	Very High
Flash Point	>200°F
Bulk Density	approx. 9.40 lbs./gal.
Solubility in Water	100%
Rinsing	Good
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Good
Freeze/Thaw Stability	Good

Package Size Product Code

12x1 qt. case	#17412
4x1 gal. case	#17441
