

Product Bulletin

Heavy Duty Power Wash *Pressure Wash Detergent*

Professional quality pressure wash detergent for removing road film and soil buildup from automotive and other surfaces. Produces abundant foam for increased dwell time on vertical surfaces. An ideal product for most pressure washing applications. Very economical to use. Non-corrosive to metal surfaces. Fresh vanilla fragrance.

Directions for Use

Dilute 13-16 ounces of this product per gallon of hot water. Consult product label for complete mixing instructions. Apply prepared solution at a feed rate of 2-4 ounces per gallon of water (30-60:1). For best results, apply solution to dry vehicle surface--do not prewet. Use hot (120°F or higher), softened water at 1,000 psi or more. Rinse surface completely. Do not allow solutions to dry on vehicle surface. Avoid use in direct sunlight.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Blue Powder
Odor	Lemon
Alkalinity (as NaOH)	Moderate
pH (1% solution)	>10.0
Foaming	High
Flash Point	>NA
Bulk Density	approx. 8.00 lbs./gal.
Solubility in Water	100%
Rinsing	Excellent
Chlorine Content	None
Phosphorous as P ₂ O ₅	<5.0%
Hard Water Performance	Excellent
Freeze/Thaw Stability	Complete

Package Size Product Code

50 lb. drum	#85850
100 lb. drum	#85801
300 lb. drum	#85803
