KNOCK OUT *Foaming Bathroom Cleaner*

Knock Out is a premium foaming spray cleaner formulated to safely and effectively clean surfaces in bathrooms, shower areas, hot tubs, spas, swimming pools, etc. Provides outstanding cleaning performance on soap scum, lime scale, body oils, stains caused by mildew or mold, urine salts, calcium or rust deposits, and more. When sprayed on surfaces, this product provides a clinging foam action which extends contact time on soils and improves cleaning performance. Very effective on most washable bathroom surfaces such as tile, grout, polished metal fixtures (chrome, brass, etc.), stainless steel, porcelain, plastic, rubber, fiberglass, and cultured marble. Not recommended for use on natural marble or polished aluminum. Leaves behind a thoroughly clean surface and a pleasant fragrance. Non-flammable and biodegradable.

Directions for Use

To maximize clinging foam action, adjust sprayer nozzle for widest spray pattern by tightening nozzle completely. **Knock Out** is ready-to-use and should not be diluted. Spray over surface to be cleaned. Allow several minutes contact time to penetrate and dissolve hard water scale and soils. Agitate with a clean cloth or sponge to improve cleaning. Rinse area with clean water to remove chemical and soil residue. NOTE: Use with care on painted surfaces. Prolonged contact may cause removal of paint. Pretest in an inconspicuous area beforehand to assure compatibility with surface.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Pink Liquid
Odor	Cherry
Alkalinity (as NaOH)	None
pH (concentrate)	<2.0
Foaming	High
Flash Point	>200°F
Bulk Density	approx. 8.60 lbs./gal.
Solubility in Water	100%
Rinsing	Good
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Very Good
Freeze/Thaw Stability	Complete

Package Size **Product Code**

12x1 qt. case

#34812
