Low Foam Non-Caustic Industrial Cleaner

A premium low foaming, non-caustic, non-chlorinated detergent for cleaning floors, walls, countertops, machinery and equipment in food processing plants. Ideal for agitated cleaning systems where excessive foam may cause problems with rinsing or damage to pumps. Formulated for demanding maintenance requirements in food processing operations, meat and poultry plants, etc. Safe for use on all non-ferrous metal surfaces, including aluminum, galvanized, tin, etc. Removes difficult grease and soils quickly and effectively. Contains metal safe alkalis and surfactants for terrific grease cutting power. Non-flammable and biodegradable.

Directions for Use

Test product in an inconspicuous area beforehand to assure compatibility with surface. For normal applications, dilute 4-6 ounces of **Medalist** per gallon of hot water. For very heavy soil accumulations, increase concentration to 8-12 ounces per gallon. Apply solution liberally to surface and allow several minutes dwell time to penetrate and emulsify soils. Agitate with a mop, sponge or cleaning rag to improve soil removal. For enclosed systems such as tanks, pipe lines, tumblers, or similar equipment, allow to circulate or agitate within equipment until soils are removed. If necessary, follow with an approved no-rinse sanitizer. Pretest in an inconspicuous area beforehand to assure compatibility with surface.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

| | |
|--|-------------------------|
| Appearance | Brown Liquid |
| Odor | Characteristic |
| Alkalinity (as NaOH) | High |
| pH (1% solution) | >11.0 |
| Foaming | None |
| Flash Point | >200°F |
| Bulk Density | approx. 10.00 lbs./gal. |
| Solubility in Water | 100% |
| Rinsing | Very Good |
| Chlorine Content | None |
| Phosphorous as P ₂ O ₅ | <9.0% |
| Hard Water Performance | Excellent |
| Freeze/Thaw Stability | Good |
