

Product Bulletin

MultiBright™

Oxygen Bleach & Brightener

Superior quality liquid oxygen bleach for use in a variety of institutional and industrial laundry applications. Safely and effectively removes stains and brightens fabrics. Unlike chlorine bleaches, this product may be used on white and colored fabrics. Will not cause fading, spotting or destruction of fabrics. Performs superbly in hard water. Contains optical brighteners for enhanced fabric appearance. Biodegrades quickly in municipal wastewater treatment facilities while it enhances the biodegradation of other materials.

Directions for Use

This product is designed to be dispensed with equipment installed and/or approved by your Service Representative. Inject this product during the bleach/suds cycle of a commercial washer. Use approximately 2-4 ounces per 50 lbs. or wash load for most applications. Pretreat stains or spots. This product may be used as a presoak solution for badly stained linens or cottons. To prepare a presoak solution, dilute 1-2 ounces of **MultiBright** per gallon of warm water. Soak for 15 minutes or longer, overnight if possible, then wash as usual.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Clear Liquid
Odor	Characteristic
Alkalinity (as NaOH)	None
pH (1% solution)	NA
Foaming	None
Flash Point	None
Bulk Density	approx. 8.70 lbs./gal.
Solubility in Water	100%
Rinsing	Good
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Good
Freeze/Thaw Stability	Good
