Natural Green™

Heavy Duty Industrial Cleaner-Degreaser

A high strength degreaser formulated to provide outstanding cleaning performance while being safer for the environment. Designed to for use on floors, walls, equipment, machinery and other non-porous hard surfaces. Fortified with a synergistic combination of biodegradable solvents, surfactants and alkalis that clean aggressively with reduced environmental impact. Penetrates and emulsifies grease, oil and soils rapidly and completely. Non-flammable, non-corrosive, non-toxic and biodegradable. Suitable for mop and bucket cleaning, pressure washing, manual cleaning or steam cleaning. Leaves surfaces thoroughly clean and fresh smelling. Highly dilutable and economical to use.

Directions for Use

Prior to use, test this product in an inconspicuous area to assure compatibility with surface. For mop and bucket cleaning, **Natural Green** should be diluted at the rate of 2-8 ounces per gallon of hot water depending on the soil level. Apply solution to floor or other surface liberally with a mop, sponge or rag. Allow several minutes contact time to permit detergent to penetrate and dissolve soils. Agitate as needed with a scrub brush, sponge or rag to facilitate soil removal. Rinse completely with clean water to remove any chemical residue. For pressure washing, dilute this product at 4-32 oz/gal. Apply at low pressure to dry surface, allow several minutes contact time to penetrate and dissolve soils, then rinse completely with hot, high pressure water. For spot removal or very heavy grease or soil accumulations, use at full strength. Do not allow this product to dry on glass, magnesium or aluminum surfaces.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Green Liquid
Odor	Sassafras
Alkalinity (as NaOH)	Moderate
pH (1% solution)	>11.0
Foaming	Moderate
Flash Point	>200°F
Bulk Density	approx. 8.40 lbs./gal.
Solubility in Water	100%
Rinsing	Good
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Good
Freeze/Thaw Stability	Complete
Biodegradability	Complete

Package Size Product Code

4x1 gal. case	#32141
5 gal. pail	#32105
55 gal. drum	#32155
