Premier

Economy Powdered Laundry Detergent

An economical, controlled sudsing powdered laundry detergent. Excellent formula contains a powerful builder and surfactant system which penetrates and dissolves tough soils. Suitable for residential laundry as well as light to medium duty institutional applications. Suspends and removes soil while brightening and retaining color. Safe on most laundry washable fabrics when used as directed. Excellent for prespotting or presoaking prior to washing. Fresh lemon fragrance.

Directions for Use

For normal soil levels in top-loading laundry machines, use ½ cup of **Premier** per standard load size (typically 25 lbs. or less). For more demanding institutional applications, consult your Service Representative for usage amount, which will vary according to the load size, soil type and amount, water conditions, and other factors. When laundering delicate fabrics such as wool or silk, follow the manufacturer's label directions. For prespotting, prepare a solution of **Premier** by diluting 4-6 ounces per gallon of hot water. Apply solution at full strength to stain before washing. This product may also be used for presoaking prior to washing. To prepare a presoak solution, dilute 4-6 ounces per gallon of warm water. Soak for 15 minutes or longer, overnight if possible, then wash as usual.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	White Powder
Odor	Lemon
Alkalinity (as NaOH)	<20.0%
pH (1% solution)	<12.0
Foaming	Very Low
Flash Point	NA
Bulk Density	approx. 7.20 lbs./gal.
Solubility in Water	100%
Rinsing	Excellent
Chlorine Content	None
Phosphorous as P ₂ O ₅	<8.0%
Hard Water Performance	Good
Freeze/Thaw Stability	NA

Package Size Product Code

50 lb. drum	#23950
100 lb. drum	#23901
300 lb. drum	#23903
