## *Laundry Reclaim & Brightener*

A professional strength laundry reclaim formulated to brighten towels and linens which have become gray or stained from hard water residue, rust or other mineral deposits. For use directly in the laundry machine using predetermined reclaim formulas. Ideal for removing difficult stains in commercial and institutional laundries. Contains powerful acidic ingredients which dissolve embedded hard water staining, leaving cottons whiter and brighter. Lowers linen and towel cost by reducing discarded materials. An essential product in well water or other hard water areas.

### Directions for Use

For use in commercial laundry machines only. Consult your Service Representative for proper procedures and wash formula instructions before use. In general, use 1-2 lbs. of this product per 50 lb. load. Suitable for use on white or colored linen. Rinse completely after use to prevent potential damage to fabric. Close container when not in use. Never mix this product with anything but water. Do not mix this product with other laundry chemicals.

### Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

### Technical Specifications
