

Product Bulletin

Proof Manual Bar Glass Wash

Superior quality detergent for manually washing all types of glassware and mugs in bars, taverns, restaurants and other foodservice applications. An ideal product for use in the first sink of a three sink cleaning system. Formulated with an advanced blend of surfactants and sheeting additives for sparkling clean, streak-free beer mugs, wine glasses, water glasses, etc. Produces a high, stable foam that cuts through stains, scale and soil. Very mild to the hands.

Directions for Use

For 3 sink manual bar glass washing applications, pour 1-2 ounces of **Proof** per gallon of water in the first sink. After washing, glassware should be rinsed with water in the second sink, followed by a rinse with an EPA registered no rinse sanitizer in the third sink. Glassware should then be allowed to air dry with no further rinsing. Consult your Service Representative for additional information. Not recommended for use in automatic glass washing machines or dishwashers.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Yellow Liquid
Odor	Characteristic
Alkalinity (as NaOH)	None
pH (concentrate)	approx. 9.0
Foaming	High
Flash Point	>200°F
Bulk Density	approx 8.40 lbs./gal.
Solubility in Water	100%
Rinsing	Very Good
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Good
Freeze/Thaw Stability	Complete

Package Size

4x1 gal. case

Product Code

#18241
