PURGE

Fast Acting Non-Fuming Drain Opener

Delivers fast relief for clogged or slow running drains. Contains powerful alkalis and other ingredients formulate to rapidly dissolve hair, grease, soap scum, oil, fat, food residues and most other organic blockages. Heavy liquid pours through standing water right to the clog. Non-fuming formula makes this product easier to use. Safe for periodic use in drains made of plastic, PVC and metal. Also suitable for periodic use in garbage disposals and septic systems.

Directions for Use

Pour 10-20 ounces of **Purge** slowly into drain. Usage amount depends on severity of blockage. Allow 15-30 minutes for chemical action to penetrate and dissolve clog. When drain is clear, flush well with hot water to remove chemical and solids residue. Repeat if necessary using additional product and longer working time. Do not use a plunger or other mechanical device for opening drain while using this product--chemical splashing may occur. Do not use this product if other chemical drain openers have been used unsuccessfully--mixing chemicals together in a drain may cause violent and dangerous reactions. Consult a plumber. Not recommended for use in toilets.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Brown Liquid
Odor	Characteristic
Alkalinity (as NaOH)	Very High
pH (concentrate)	>13.0
Foaming	Low
Flash Point	>200°F
Bulk Density	approx. 12.70 lbs./gal.
Solubility in Water	100%
Rinsing	Good
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Good
Freeze/Thaw Stability	Low

Package Size
