

Product Bulletin

SaniPalm

E2 Sanitizing Hand Soap

This product is a high performance quaternary-based hand wash and sanitizing compound for use in food processing plants, meat and poultry plants, and other food handling establishments. Under the USDA's former approval procedures for non-food compounds, **SaniPalm** was E2 rated for use as a hand washing and sanitizing compound in meat and poultry processing plants. Effectively reduces bacterial flora of the skin on contact. Contains cosmetic-grade surfactants and cleaning agents which produce thick, luxurious lather. Routine use prior to handling food or food processing equipment will reduce bacterial cross-contamination.

Directions for Use

This product is ready-to-use and should not be diluted. Simply wet hands, place enough **SaniPalm** on hands to produce rich sudsing, then scrub hands, wrists, cuticles and under finger nails thoroughly. Continue scrubbing for 30-60 seconds, then rinse thoroughly. Repeat as necessary.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Clear Liquid
Odor	None
Alkalinity (as NaOH)	None
pH (1% solution)	>8.0
Foaming	Moderate
Flash Point	>200°F
Bulk Density	approx. 8.40 lbs./gal.
Solubility in Water	100%
Rinsing	Good
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Good
Freeze/Thaw Stability	Moderate

Package Size

Product Code

4x1 gal. case	#76141
55 gal. drum	#76155
