Show Room

High Performance Tire Dressing

A premium quality, silicone-based finish coat designed especially for use on tires and other exterior automotive surfaces made of rubber. Imparts a glossy, long-lasting shine, giving cars that "show room" appearance. Ideal for use in auto detail shops, car wash facilities, auto dealerships and most other auto service facilities. Not recommended for auto interiors.

Directions for Use

Before use, clean tire thoroughly using a high quality wheel cleaner. Assure that tire is completely dry before applying this product. Pour **Show Room** onto a clean rag and apply to outer wall of tire, making sure to cover completely. Avoid contact with car. Wipe in a circular motion to spread out product and cover evenly. Allow to dry. May be applied with a spray bottle. Avoid overspray onto vehicle surface.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Clear Liquid
Odor	Characteristic
Alkalinity (as NaOH)	None
pH (1% solution)	NE
Foaming	None
Flash Point	>100°F
