SunBrite

Powdered Chlorine Laundry Bleach

Superior quality powdered chlorine bleach for most institutional and industrial laundry applications. **SunBrite** uses a controlled chlorine release system to safely and effectively remove stains and brighten fabrics. Ideally suited for white cottons and linens. Not recommended for colored fabrics. Fortified with alkaline builders for unsurpassed brightening performance. Suitable for top loading laundry machines.

Directions for Use

Use approximately 2 ounces (¼ cup) of **SunBrite** per 50 lb. load in top loading machines. Increase the concentration to 4 ounces (½ cup) where extra brightening is required. Add to wash water at second sudsing stage and run machine 10-15 minutes. For best results, pre-treat stains and spots, use softened water, and follow manufacturer's label directions carefully.

This product may be used as a presoak for badly stained white fabrics. To prepare a presoak solution, dilute 1-2 ounces per gallon of warm water (not hot). Soak for 15 minutes or longer, overnight if possible, then wash as usual.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	White Powder
Odor	Chlorine
Alkalinity (as NaOH)	<20%
pH (1% solution)	>12.0
Foaming	None
Flash Point	None
Bulk Density	approx. 9.00 lbs./gal.
Solubility in Water	100%
Rinsing	Excellent
Chlorine Content	>8.0%
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Good
Freeze/Thaw Stability	NA

Package Size Product Code

25 lb. pail	#26525
50 lb. drum	#26550
100 lb. drum	#26501
300 lb. drum	#26503
