

Product Bulletin

TireSolve

*High Strength
Tire & Wheel Cleaner*

A professional quality detergent designed for quick, complete cleaning of tires and whitewalls in automatic car wash operations. Contains powerful alkalis, solvents and proprietary surfactants which rapidly emulsify dirt, grime and brake dust. Ideal for whitewalls, tires and rims. Ideal for use in automatic spray on/rinse off car washing operations. Not recommended for manual application. A very effective product which is essential for quality cleaning results.

Directions for Use

Dilute at the rate of 4-6 ounces (20-30:1) per gallon of hot water. Use a stronger solution where very heavy soil levels or hard water are encountered. Tires and whitewalls should be scrubbed or brushed immediately after solution is sprayed on. Rinse solution away promptly after scrubbing. Avoid overspray onto glass surfaces.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Blue Liquid
Odor	Characteristic
Alkalinity (as NaOH)	Very High
pH (1% solution)	>12.0
Foaming	High
Flash Point	>200°F
Bulk Density	approx. 9.50lbs./gal.
Solubility in Water	100%
Rinsing	Excellent
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Very Good
Freeze/Thaw Stability	Moderate

Package Size Product Code

5 gal. pail	#86005
55 gal. drum	#86055
