

## Product Bulletin

# Typhoon

## *Low Foam Recirculating Pot & Pan Detergent*

A powerful detergent designed for use in recirculating dishwashing systems in institutional kitchens, cafeterias, restaurants, etc. Formulated to provide exceptional grease removal and cleaning performance on pots, pans, dishes, utensils, etc. Safe for use on aluminum. Low foaming formulation is especially suited for agitated sinks and similar immersion-type recirculating washers. Not recommended for use in dish machines or for manual washing.

### Directions for Use

Dilute ¼ to ½ ounce of **Typhoon** per gallon of hot water in the recirculating sink (approx. 12-25 ounces per 50 gallon sink). Immerse soiled pots, pans and other kitchenware into solution. Follow manufacturer's instructions for using recirculating sink, including recommended wash time and temperature. When cleaning is finished, remove items from sink, rinse with clean water, sanitize with an approved no-rinse sanitizer, and allow to air dry before reuse.

### Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

### Technical Specifications

Appearance	Blue Liquid
Odor	Characteristic
Alkalinity (as NaOH)	Low
pH (1% solution)	<10.0
Foaming	Moderate
Flash Point	>200°F
Bulk Density	approx. 8.90 lbs./gal.
Solubility in Water	100%
Rinsing	NA
Chlorine Content	None
Phosphorous as P <sub>2</sub> O <sub>5</sub>	None
Hard Water Performance	Excellent
Freeze/Thaw Stability	Complete

### Package Size

### Product Code

5 gal. pail
