Wheel Clean

Heavy Duty Tire & Wheel Cleaner

A high strength cleaner-degreaser formulated for quick and effective cleaning of tires and whitewalls. Fortified with a synergistic combination of solvents, alkalis and surfactants for rapid penetration and removal of embedded dirt, brake dust and grime. Actually lifts soils out of porous tire surfaces that ordinary car soap cannot touch. Recommended for use in manual spray on/wipe off applications. This product should not be used on glass, magnesium or aluminum surfaces. Leaves tires and whitewalls thoroughly clean.

Directions for Use

Prior to use, test this product in an inconspicuous area to assure compatibility with surface. **Wheel Clean** is ready to use. Simply spray or wipe onto whitewalls and tires, then allow 30-60 seconds to penetrate and dissolve soils. Agitate with a scrub brush or rag to improve soil removal, then rinse completely. For removal of grease or tar stains from automotive surfaces (except glass, aluminum or magnesium), apply at full strength with a soft, clean cloth. Wipe until stain is removed, then rinse completely.

Safety Reminder

Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Technical Specifications

Appearance	Blue Liquid
Odor	Characteristic
Alkalinity (as NaOH)	High
pH (1% solution)	>12.0
Foaming	Moderate
Flash Point	>200°F
Bulk Density	approx. 8.70lbs./gal.
Solubility in Water	100%
Rinsing	Good
Chlorine Content	None
Phosphorous as P ₂ O ₅	None
Hard Water Performance	Good
Freeze/Thaw Stability	Complete

Package Size Product Code

4x1 gal. case	#86241
5 gal. pail	#86005
55 gal. drum	#86055
