

90000 SERIES INDUSTRIAL

METAL CLEANERS

- HydroSol** A water-based parts washing detergent for removing organic and inorganic soils. Ideal for use in all types of immersion tanks and spray wash cabinets. Safe for use on all metals as well as most types of rubber and elastomer. Low foaming. Blue color.
#91055/55 gal. drum
- Clean Spray** A low foaming, highly alkaline detergent formulated to remove grease, oil, rust and paint from ferrous metals (iron, steel, copper and titanium). Excellent for use in spray wash cabinets.
#91155/55 gal. drum
- Hustle** Formulated for industrial steam cleaning of iron and steel, as well as floors, parts, equipment and other heavily soiled hard surfaces. For tified with water conditioners and rust inhibitors. Not recommended for non-ferrous metals. Blue color.
#91255/55 gal. drum
- MetalSolve** A versatile cleaner for removing grease, oil and soils from both ferrous (iron, steel, copper and titanium) and non-ferrous (aluminum, zinc, galvanized) metals. Formulated for immersion, recirculating and spray wash applications. Safe on rubber and elastomer.
#91355/55 gal. drum
- Ferrous Metal Cleaner** A low foaming, highly alkaline powdered detergent for iron and steel. Ideal for use in hot dip tanks, spray wash cabinets and recirculating tanks. Contains water conditioners and rust inhibitors. Not recommended for non-ferrous metals.
#91450/50 lb. drum #91401/100 lb. drum #91403/300 lb. drum
- Non-Ferrous Metal Cleaner** Safely cleans aluminum, tin, zinc, pewter and other soft metals without etching. Performs superbly in hard or soft water. Ideal for immersion tanks and spray wash cabinets. Low foaming. Fast dissolving. Tan color.
#91750/50 lb. drum #91701/100 lb. drum #91703/300 lb. drum
- Hot Vat Stripper** Designed especially for stripping stubborn greases, oils, cutting fluids and other difficult soils from steel parts in hot dip tanks. Works effectively with or without agitation. 100% active--contains no fillers. Not recommended for non-ferrous metals.
#91503/300 lb. drum
- Metal Tumbling Compound** Degreases and shines metal parts while deburring. Provides essential lubricity while removing oils and cutting fluids from all types of metal parts. Suitable for all types of tumbling media. Non-corrosive--safe for use on aluminum and other non-ferrous metals.
#91803/300 lb. drum

FOOD PLANT CLEANERS

- Rampage** A caustic-based degreaser-cleanser for heavy duty applications. Ideal for meat plants, rendering facilities and any other facility with heavy grease and soil. High foaming gives this product extra cling on walls. Brown color.
#93305/5 gal. pail #93355/55 gal. drum
- ChemSolve** An outstanding soil penetrator and emulsifier. Highly concentrated for superior performance against demanding soil loads. Ideal for a wide variety of cleaning requirements. Far stronger than standard degreasers. Great for pressure washing and wax stripping. Yellow color.
#31405/5 gal. pail #31455/55 gal. drum
- Fantastic** Top selling liquid degreaser. A multi-functional product suitable for a wide variety of cleaning requirements. Strong enough for tough industrial soils and stubborn grime. Very economical. Blue color. USDA A4.
#31305/5 gal. pail #31355/55 gal. drum
- Esteem** Alkaline detergent designed for high foam cleaning of floors, walls and equipment in meat, poultry, dairy and other food processing plants. Produces thick foam which clings to vertical surfaces for improved fat and soil removal. Blue color. USDA A4.
#93205/5 gal. pail #93255/55 gal. drum
- PowerChlor** A high foaming degreaser fortified with chlorine. Cleans all hard surfaces in food plants. Attacks and dissolves fats and other protein-based soils as well as dirt and grime. High foam level for improved vertical cling and cleaning performance. USDA A1. Yellow color.
#93605/5 gal. pail #93655/55 gal. drum
- Work Horse** Similar in function to PowerChlor, but designed for high foam cleaning of aluminum, galvanized, tin and other non-ferrous metal surfaces. Foaming action provides improved cleaning performance on walls and vertical surfaces. Chlorine fortified.
#93705/5 gal. pail #93755/55 gal. drum
- PowerTemp** A premium quality liquid designed for top performance in all low foam CIP operations. Performs very well in hard water and heavy soil applications. Excellent rinsing characteristics. Delivers superior results over ordinary detergents. Brown color.
#13205/5 gal. pail #13255/55 gal. drum
- Blast** Similar in function to PowerTemp with the added cleaning and deodorizing characteristics of chlorine. Excellent for all CIP and other low foam cleaning operations. The very best for cutting grease and destaining. Ideal for tough applications. Light yellow color. USDA A1.
#13305/5 gal. pail #13355/55 gal. drum
- Medalist** Non-caustic low foam CIP detergent. Formulated for use where aluminum or other non-ferrous metals are encountered. Will not etch soft metals when used as directed. Great for bake pan cleaning. Effective in all water conditions.
#13805/5 gal. pail #13855/55 gal. drum

90000 SERIES INDUSTRIAL

FOOD PLANT CLEANERS

- Delimer Plus** A synergistic blend of acids which have been specially formulated to provide rapid attack on lime scale. Works better than standard delimers containing only one type of acid. Delivers fabulous deliming performance. Gets the job done fast with less corrosion. Green color.
#16141/4x1 gal. case
- Red Heat** High viscosity, very high foaming acidic detergent for dissolving scale, lime, and mineral deposits. Ideal for equipment cleanup in dairy operations. Red color. Cherry fragrance.
#93155/55 gal. drum
- MSR** High active acid detergent-descaler for attacking lime, calcium and milk stone deposits. Essential for the maintenance of dairy pipe lines, tanks and equipment. Moderate foaming. USDA A3.
#93005/5 gal. pail #93055/55 gal. drum
- Churn** Super powerful alkaline detergent for cleaning the greasiest, dirtiest smoke houses, fryers, ovens, etc. Moderate foaming. Not recommended for use on aluminum or other non-ferrous metals. USDA A8. Brown color.
#17041/4x1 gal. case #17005/5 gal. pail #17030/30 gal. drum #17055/55 gal. drum
- Grid Iron** Clinging foam formula which provides increased contact time on oven walls. Penetrates and emulsifies the toughest baked-on soils. Yellow color. Lemon fragrance.
#17412/12x1 qt. case #17441/4x1 gal. case #17455/55 gal. drum
- UltraChlor** Full strength chlorine cleaner, destainer and deodorizer delivering a minimum 12.5% Sodium Hypochlorite. Provides the greatest possible bleaching power for heavy duty applications.
#26305/5 gal. pail #26315/15 gal. drum #26330/30 gal. drum #26355/55 gal. drum
- MultiChlor** An all purpose chlorine bleach containing 10% minimum Sodium Hypochlorite. Ideal for cleaning and deodorizing meat and food plants. Removes industrial fats and proteins.
#14505/5 gal. pail #14515/15 gal. drum #14530/30 gal. drum
- SpectraChlor** A versatile chlorine concentrate for use in a variety of applications, including industrial laundry and hard surface cleaning. Contains 5.25% Sodium Hypochlorite. Ideal for whitening, degreasing and deodorizing hard surfaces. Light yellow color.
#14905/5 gal. pail #14915/15 gal. drum #14930/30 gal. drum
- Guardian** Top quality, multi-functional cleaner-disinfectant-deodorizer-sanitizer for healthcare, foodservice and housekeeping. Diluted at 2 oz./gal. for medical and non-medical applications. Effective against an extensive list of bacteria, viruses and fungi. Available in lemon, mint or pine.
#33441/4x1 gal. case #33405/5 gal. pail #33430/30 gal. drum #33455/55 gal. drum
- Pro-San** An outstanding cleaner-disinfectant which is effective against a lengthy list of bacteria and viruses. Used at 2-3 ounces/gal. for medical or non-medical applications. Available in lemon, mint or pine.
#33241/4x1 gal. case #33205/5 gal. pail #33230/30 gal. drum #33255/55 gal. drum
- Zap** A no-rinse sanitizer for food processing equipment, pots and pans, dairy equipment, utensils, dishware, counter tops and other food contact surfaces. Ideal for third sink sanitizing. Used at 1 ounce per 4 gallons of water. Virucidal and fungicidal. USDA D2.
#18441/4x1 gal. case #18405/5 gal. pail #18430/30 gal. drum #18455/55 gal. drum
- Iso-Phor** Iodine-based third sink sanitizer. Used at 1 ounce per 5 gallons of water for a yield of 25ppm titratable iodine. No subsequent potable water rinse allowed. May also be used on food processing equipment and cooking utensils. Low foaming. Dark brown color. USDA D2.
#18641/4x1 gal. case
- SaniPalm** A quaternary hand soap that effectively reduces bacterial flora of the skin prior to handling food and/or food processing equipment. Medium viscosity. Intended for use in meat or poultry processing areas and plants. Clear color. USDA E2.
#76141/4x1 gal. case #76155/55 gal. drum
- Conveyor Lube** A superb lubricant and cleaner for water wash-type conveyors. Special ingredients produce an effective self-cleaning action as the conveyor runs. Lubricants provide smooth running, trouble-free operation.
#19705/5 gal. pail

90000 SERIES INDUSTRIAL

FOOD PLANT CLEANERS

- FreezerClean** Formulated to be a non-freezing cleaner for use in walk-in freezers, coolers, refrigerators, etc. Very high performance even in greasy meat storage areas. Blue color. Lemon fragrance. **#19841/4x1 gal. case**
- Hook & Trolley Cleaner** A high quality alkaline detergent which solubilizes the fats and greases that accumulate on meat hooks and trolleys in meat packing plants. Assures safe, trouble-free operation. Designed for use in hot dip tanks. Not recommended for non-ferrous metal. USDA A2. **#94003/300 lb. drum**
- Smoke House Cleaner** A very potent product designed especially for emulsifying the heavy fat and carbon deposits which collect on the walls and floors of smoke houses. Effective even where soils have become deeply encrusted. Not recommended for non-ferrous metals. USDA A2. **#94203/300 lb. drum**
- Husky** Aggressive detergent for use in automatic floor scrubbing machines. Effective against dirt, grease, grime, tire marks and most other challenging soils. Low foaming. Much more economical than liquid detergents. An outstanding performer. **#94301/100 lb. drum #94303/300 lb. drum**
- PHC-71** Heavy duty caustic-based cleaner for floors, walls, equipment and other hard surfaces in meat and poultry plants. Readily dissolves animal fats and oils, thus eliminating slippery surfaces. Moderate foaming. Not recommended for non-ferrous metals. USDA A1. **#94401/100 lb. drum #94403/300 lb. drum**
- PHC-72** Similar in purpose to PHC-71, but formulated to be safe for use on all surfaces, including aluminum. Contains no Caustic Soda. Deep cleans all non-porous surfaces. Moderate foaming. USDA A1. **#94501/100 lb. drum #94503/300 lb. drum**
- PHC-73** Much higher foaming than the other PHC detergents. Superb contact time on vertical surfaces improves cleaning performance. Ideal for use through foam generating equipment. Fortified with chlorine for surface destaining and deodorizing. USDA A2. **#94601/100 lb. drum #94603/300 lb. drum**
- Vat & Pipeline Boil Out** A super strength powdered product for CIP cleaning of tanks, mixing vats, pipelines and other equipment in food manufacturing, handling and packaging facilities. Highly dilutable and economical to use. Low foaming. Not recommended for non-ferrous metals. **#94803/300 lb. drum**
- Vat & Pipeline Neutralizer** Used in conjunction with Vat & Pipeline Boil Out, this product neutralizes alkaline residues which may be present in tanks, vats, pipelines and other equipment and machinery. For CIP cleaning operations. Essential for maintaining a sanitary food processing environment. **#94903/300 lb. drum**

INDUSTRIAL SPECIALTY PRODUCTS

- SolarSolve** Very powerful solvent containing more than 90% d'limonene (citrus solvent) and special surfactants. Ideal for a wide range of industrial degreasing requirements. Completely natural and safe to use. Water soluble for easy rinsing. Orange color. Citrus fragrance. **#21055/55 gal. drum**
- Coil Brightener** Dissolves scale accumulations on coils, air filters and intakes, air conditioning systems, refrigeration equipment and so forth. Contains a powerful acid blend for terrific performance. Leaves equipment clean and shiny. **#96055/55 gal. drum**
- Brick Bath** Heavily fortified with Hydrochloric Acid for cleaning and brightening brick, mortar, concrete, stone, landscape rocks and so forth. Instantly dissolves stains from rust, efflorescence, scale and other inorganic soils. **#96255/55 gal. drum**
- Rust Inhibitor** Used on ferrous metal parts (iron and steel), this product helps prevent the formation of flash rust for up to six months with inside storage. Ideally suited for reducing rust formation on metals prior to phosphatizing or painting. **#96455/55 gal. drum**
- Rust Arrest** A powdered rust inhibitor which helps prevent flash rust on iron and steel. Designed for use where rust will interfere with subsequent treatment of metal. Highly concentrated powder is economical to use. **#96503/300 lb. drum**
