Product Name	Description	Product No.	Packaging
--------------	-------------	-------------	-----------

## Manual Brush Shampoos

<b>Surpass</b>	Ultraconcentrated powdered car soap for manual washing of cars, trucks, buses, etc. Highest foaming product available.	<b>83050</b>	50 lb. drum
		<b>83001</b>	100 lb. drum
<b>Glimmer</b>	All purpose powdered car soap. Mild to the hands, yet high foaming and tough on soil. Free rinsing. Safe on all vehicles.	<b>83250</b>	50 lb. drum
		<b>83201</b>	100 lb. drum

## Pressure Washing Products

<b>Street Fighter</b>	Powerful pressure washing detergent removes tough deposits of road film, grime and exhaust carbon. For buses, trucks, etc.	<b>85355</b>	55 gal. drum
<b>PowerClean</b>	Automotive detergent especially for touchless car washes. Safe on all vehicle surfaces. Excellent penetration of road film.	<b>85505</b>	5 gal. pail
		<b>85555</b>	55 gal. drum
<b>PowerFoam</b>	Premium quality powdered "red soap" for complete cleaning of auto surfaces. For brush or touchless car washes.	<b>85750</b>	50 lb. drum
		<b>85701</b>	100 lb. drum
		<b>85703</b>	300 lb. drum
<b>Heavy Duty Power Wash</b>	Top selling pressure wash detergent for car washes, truck and bus cleaning, building maintenance, and more. High foaming.	<b>85850</b>	50 lb. drum
		<b>85801</b>	100 lb. drum
		<b>85803</b>	300 lb. drum

## Tire & Wheel Cleaners

<b>TireSolve</b>	Designed for rapid soil penetration and cleaning of tires and whitewalls in tunnel car washes. High active, high performance.	<b>86005</b>	5 gal. pail
		<b>86055</b>	55 gal. drum
<b>Wheel Clean</b>	For manual or self-serve tire and wheel cleaning. Lifts dirt and soil out of porous rubber surfaces that car soap cannot remove.	<b>86241</b>	4x1 gal. case
		<b>86205</b>	5 gal. pail
		<b>86255</b>	55 gal. drum
<b>MagnaBright</b>	Powerful acidic detergent which brightens vehicle rims, trailers, exhaust stacks, etc. Provides instant, visible results. No HF.	<b>86441</b>	4x1 gal. case
		<b>86405</b>	5 gal. pail
		<b>86455</b>	55 gal. drum

## Rubber & Vinyl Dressings

<b>Show Room</b>	Premium quality silicone-based tire and rubber dressing. Deep, long-lasting "show room" shine on tires. The detailer's choice.	<b>87241</b>	4x1 gal. case
		<b>87205</b>	5 gal. pail
		<b>87255</b>	55 gal. drum
<b>HydroShine</b>	Water-based silicone coating for rubber, vinyl and plastic. High gloss and durability. Ideal for interior or exterior surfaces.	<b>87441</b>	4x1 gal. case
		<b>87405</b>	5 gal. pail
		<b>87455</b>	55 gal. drum

## Engine Degreasers

<b>Astound</b>	Premium quality detergent for degreasing engines, parts, transmissions, and other equipment. Also great for floors.	<b>88041</b>	4x1 gal. case
		<b>88005</b>	5 gal. pail
		<b>88055</b>	55 gal. drum
<b>Fast Break</b>	Solvent degreaser which penetrates and dissolves greases and oils. Emulsifies in water for easy rinsing. D'limonene fortified.	<b>88241</b>	4x1 gal. case
		<b>88205</b>	5 gal. pail
		<b>88255</b>	55 gal. drum

### Metal Cleaners

<b>Hustle</b>	Industrial steam cleaner for iron and steel, parts, equipment, floors and other heavily soiled surfaces. Highly alkaline.	<b>91255</b>	55 gal. drum
<b>MetalSolve</b>	Versatile detergent for degreasing both ferrous and non-ferrous metals. For immersion, recirculating tanks and spray wash.	<b>91355</b>	55 gal. drum
<b>OnSlaught</b> <span style="font-size: small; border: 1px solid black; border-radius: 50%; padding: 1px;">New!</span>	Low foam alkaline degreaser for spray cabinets, steam cleaning, or immersion applications. For ferrous or non-ferrous metals.	<b>90855</b>	55 gal. drum
<b>Ferrous Metal Cleaner</b>	High alkaline powdered detergent for iron and steel. Ideal for spray wash cabinets, immersion tanks. Contains rust inhibitors.	<b>91450</b>	50 lb. drum
		<b>91401</b>	100 lb. drum
		<b>91403</b>	300 lb. drum
<b>Non-Ferrous Metal Cleaner</b>	Safely cleans aluminum, galvanized and other soft metals. Very good in hard or soft water. Low foaming and fast dissolving.	<b>91750</b>	50 lb. drum
		<b>91701</b>	100 lb. drum
		<b>91703</b>	300 lb. drum
<b>Hot Vat Stripper</b>	Formulated to remove stubborn grease, oil, cutting fluids, etc. from steel in hot dip tanks. 100% active - contains no fillers.	<b>91503</b>	300 lb. drum

### Food Plant Cleaners

<b>Rampage</b>	Caustic-based industrial degreaser for the most difficult applications. High foaming.	<b>93341</b>	4x1 gal. case
		<b>93305</b>	5 gal. pail
		<b>93355</b>	55 gal. drum
<b>ChemSolve</b>	Outstanding soil emulsifier for a wide variety of tough cleaning jobs. Much stronger than typical degreasers.	<b>31441</b>	4x1 gal. case
		<b>31405</b>	5 gal. pail
		<b>31455</b>	55 gal. drum
<b>Fantastic</b>	Top selling liquid degreaser-cleaner. Strong enough for tough industrial soils and stubborn grime. USDA A4.	<b>31341</b>	4x1 gal. case
		<b>31305</b>	5 gal. pail
		<b>31355</b>	55 gal. drum
<b>Esteem</b>	Alkaline detergent for high foam cleaning and degreasing. Clings to vertical surfaces for improved cleaning. USDA A4.	<b>93205</b>	5 gal. pail
		<b>93255</b>	55 gal. drum
<b>PowerChlor</b>	High foaming chlorinated alkaline detergent. Dissolves fats and proteins. A must product for all food plants. USDA A1.	<b>93605</b>	5 gal. pail
		<b>93655</b>	55 gal. drum
<b>Work Horse</b>	Similar in function to PowerChlor, but designed for safe use on aluminum, galvanized and other soft metals. High foaming.	<b>93705</b>	5 gal. pail
		<b>93755</b>	55 gal. drum

# Industrial

Product Name	Description	Product No.	Packaging
<b>Food Plant Cleaners</b>			
<b>PowerTemp</b>	Premium performance low foam CIP cleaner. Very effective in hard water and heavy soil loads. Excellent rinsing.	<b>13205</b>	5 gal. pail
		<b>13255</b>	55 gal. drum
<b>Blast</b>	Similar in function to PowerTemp with the added cleaning and deodorizing capacity of chlorine. Cuts grease and destains.	<b>13305</b>	5 gal. pail
		<b>13355</b>	55 gal. drum
<b>Medalist</b>	Non-caustic low foam CIP cleaner for use on aluminum and other soft metals without corrosion. Great for bake pan.	<b>13805</b>	5 gal. pail
		<b>13855</b>	55 gal. drum
<b>Delimer Plus</b>	Synergistic blend of acids for rapid attack on scale. Fabulous deliming performance.	<b>16141</b>	4x1 gal. case
<b>Red Heat</b>	High viscosity detergent for foam cleaning of walls, equipment, and most other surfaces in food plants and dairies.	<b>93155</b>	55 gal. drum
<b>MSR</b>	High active CIP milk stone remover for dairy pipelines, tanks and equipment. Dissolves scale, lime and mineral deposits.	<b>93055</b>	55 gal. drum
<b>StoneCutter</b>	 Acid cleaner sanitizer for use on food processing and dairy equipment. Kills many type of bacteria. Dissolves milk stone.	<b>33955</b>	55 gal. drum
<b>Churn</b>	Ultra-strength alkaline degreaser. Terrific for the greasiest stoves, hoods, smoke houses, etc. USDA A8.	<b>17041</b>	4x1 gal. case
		<b>17005</b>	5 gal. pail
		<b>17055</b>	55 gal. drum
<b>Grid Iron</b>	Clinging foam formula provides improved cleaning on oven walls. Penetrates and dissolves baked on soils.	<b>17412</b>	12x1 qt. case (1 sprayer incl)
		<b>17441</b>	4x1 gal. case
		<b>17455</b>	55 gal. drum
<b>UltraChlor</b>	Highest strength chlorine cleaner, destainer and deodorizer. Minimum 12.5% active Sodium Hypochlorite.	<b>26305</b>	5 gal. pail
		<b>26330</b>	30 gal. drum
		<b>26355</b>	55 gal. drum
<b>Multichlor</b>	Multi-purpose chlorine bleach containing 10% active Sodium Hypochlorite. Cleans and deodorizes food plants.	<b>14505</b>	5 gal. pail
		<b>14530</b>	30 gal. drum
		<b>14555</b>	55 gal. drum
<b>SpectraChlor</b>	Versatile chlorine concentrate for multiple industrial uses. 5.25% active. Brightens and deodorizes hard surfaces.	<b>14905</b>	5 gal. pail
		<b>14930</b>	30 gal. drum
		<b>14955</b>	55 gal. drum
<b>Guardian</b>	Top quality disinfectant-cleaner for healthcare, housekeeping use. Diluted at 2 oz/gal. Lemon, mint or pine fragrances.	<b>33441</b>	4x1 gal. case
		<b>33405</b>	5 gal. pail
		<b>33455</b>	55 gal. drum
<b>ProSan</b>	Excellent all purpose disinfectant-cleaner. Used at 2-3 oz/gal. Broad spectrum efficacy. Lemon, mint or pine.	<b>33241</b>	4x1 gal. case
		<b>33205</b>	5 gal. pail
		<b>33255</b>	55 gal. drum
<b>Zap</b>	No-rinse sanitizer for equipment, utensils, food contact surfaces, and more. Dilutes at 1 oz/4 gals of water (200 ppm). USDA D2.	<b>18441</b>	4x1 gal. case
		<b>18405</b>	5 gal. pail
		<b>18455</b>	55 gal. drum
<b>Iso-Phor</b>	Iodine-based sanitizer for food processing equipment and utensils. Diluted at 1 oz/5 gal. of water. USDA D2.	<b>18641</b>	4x1 gal. case
<b>SaniPalm</b>	A quaternary hand soap for use in food plants and food handling establishments. Reduces bacteria count on skin. USDA E2.	<b>76141</b>	4x1 gal. case
		<b>76155</b>	55 gal. drum
<b>Conveyor Lube</b>	Superb soap-based lubricant and cleaner for water wash-type conveyors. Assures smooth, trouble-free operation.	<b>19705</b>	5 gal. pail
<b>FreezerClean</b>	Cleaner-degreaser for walk-in freezers, coolers and refrigerators. Cuts grease without creating slippery floors.	<b>19841</b>	4x1 gal. case

Quart Boxes with Panel Silk Screening

## Private Labeling

We are proponents of distributor brand development, and believe strongly in helping our customers establish a market identity through quality private labeling. For this reason, we offer several options for labeling our products, each with their own unique advantages:

### Universal Labels

This is our most popular method of private labeling. It is available for all products and package sizes except quarts, solids and EPA registered germicides. The two-color Universal Label has no setup costs and no minimum order requirements. It provides a quick, easy system for distributors to sell products displaying their own semi-custom labels, which include their logo, address and other company information. Universal Labels are color-coded to match product colors as closely as possible.

### Custom Labels

This option is available when a distributor prefers a label that is distinctly his own. It is available for all products and package sizes except quarts. Our graphic arts department can assist in developing a label design and layout that incorporates the distributor's logo or other artwork. Once labels have been printed, there is no minimum order requirements. Initial printing costs apply.

### Silk Screening

This is a label that is "painted on" using highly durable and resistant inks. This process is available for liquids packaged in quarts, gallons and pails, as well as for powders or solids packaged in pails, bottles, jars or boxes. Silk screening is the most durable labeling method in the industry. The inks used are impervious to water, heat or other factors that often cause paper labels to peel or fall off. Our graphic arts department can assist in developing a label design and layout that incorporates the distributor's logo or other artwork. Initial setup costs apply (usually \$45.00 to \$65.00 per screen). Minimum production quantities are as follows:

- Liquids:** 20 cases or pails per product; 40 cases for 2x1 gal. or 6x1 qt.
- Solids:** 20 - 4x cases or 40 - 2x cases per product
- Powders:** 20 - 4x cases, 40 - 2x cases, or 20 pails per product

Special rules and restrictions apply to private labeling EPA registered germicides. Consult your sales representative or customer service for more information.

Silk Screened Quart Bottles

## Sales & Service Materials

We offer a portfolio of support materials designed to assist our customers with their ongoing efforts to sell and service our products. The most important of these are the **Product Bulletins**, which provide detailed information about product features, uses and specifications. Bulletins for all of the products listed in this Catalogue are now available for easy access and downloading at our website, [www.crown-chem.com](http://www.crown-chem.com). We also offer **Product Flyers** for select product groups. Flyers highlight the benefits of a specific group of related products, such as warewashing solids or laundry stain removers. Service items such as **Wall Charts** are available for machine dishwashing, manual dishwashing, dishmachine deliming, and as part of the ControlChem™ line. All charts feature full color graphics and photographs as well as bilingual instructions and/or guide words. Other service items such as **Test Kits**, **Service Reports** and **Survey Forms** are also available. For select products we also offer color and number coded **Secondary Labels** (for spray bottles) and **Dispenser Decals** for reduced product confusion and misuse.

Many of our sales and marketing tools can be customized for large volume applications. Please contact us for more information about complete chemical marketing programs.

# Sales Information

## Sales Training & Support

Our Regional Sales Managers have many years of on-site field experience in foodservice, hospitality, laundry, janitorial, institutional and industrial accounts. They are more than capable of assisting distributors at their accounts with issues relating to product selection, recommended usage, cleaning procedures, equipment installation and setup, technical matters and much more. We also provide sales and training meetings for Distributor Sales Representatives.

## Product Inventory

Crown's extensive line of **Standard Formulations** is set forth in this Catalogue. Many of these products--but not all--are maintained in our inventory for faster order turnaroud. Standard Formulations which are not routinely kept in stock may be subject to a minimum order requirement. Please contact us if you have any question about the stock availability of a specific product.

We also offer **Custom Formulations** to meet specific performance or packaging specifications. Our computer database contains hundreds of special formulas developed over the years to address special requirements. We may already have what you are looking for, but if not, there's a good chance we can create it. The minimum order requirement for Custom Formulations varies by product type and complexity. Please contact customer service for more information.

## Laboratory Analysis

We have extensive experience in developing products to meet specific performance requirements or to match competitive items. For thorough analysis, please submit a sample of the product (minimum 1 pint for liquids, 1 lb. for powders or solids) along with any available supporting information--product label, MSDS, data sheet, etc. Custom Formulations carry minimum production requirements which vary according to the type or product and its packaging. Please contact customer service for additional information.

## Drop Shipments

Drop shipments directly to end users are available on a blind bill of lading. For drop shipments below \$100.00 in invoice cost (exclusive of shipping costs), a \$15.00 handling charge will be assessed per unit (case, pail, etc.)

## Credit Accounts

Credit is extended to distributors that have provided credit information and demonstrated credit worthiness. Terms on preapproved credit accounts are net 30 days. Failure to pay invoices according to terms may result in delayed processing of orders and/or cancellation of credit terms. A fee of \$25.00 will be assessed for checks which are returned NSF.

## Product Returns

Product returns are subject to prior approval. Private labeled products are non-returnable unless defective. Merchandise more than one year old is non-returnable. Authorized returns are subject to a 20% restocking charge.
