Chemicals • Equipment • Service and Support
Low Suds Automatic

**Low Foam Bar Glass Washing Detergent for Automatic Brushes**
The professional's choice for manually washing all types of glassware in bars, taverns and other foodservice glass washing operations. Contains special low foaming surfactants, descaling and sheeting agents for complete, spot-free cleaning of glassware. Ideal for use with automatic bar glass washers with electric brushes. Very low foaming.

*4x1 gal. case* #18041

High Suds Manual

**High Sudsing Glass Wash for Manual Cleaning**
A mild, superior quality detergent for cleaning glassware in bars, taverns and restaurants. Designed for hand washing or stationary brushes in the first sink of a three sink system. Formulated with an advanced blend of surfactants and sheeting additives for sparkling clean, streak-free glassware. Produces a stable foam that cuts through soils and scale.

*4x1 gal. case* #18141

Low Foam Bar Glass Wash

**Powdered Glass Washing Detergent For Electric Brushes**
Powdered detergent for superb cleaning performance on all types of glassware in bars, taverns and other foodservice operations. Contains special low foaming surfactants, descaling and sheeting agents for complete, spot-free cleaning of glassware. Ideal for use with automatic bar glass washers with electric brushes. Assures sparkling results.

*100x½ oz. case* #18250
*6x2 lb. case* #18262

High Foam Bar Glass Wash

**Powdered Glass Washing Detergent for Hand Washing**
Professional quality powdered detergent for washing glassware by hand or with stationary brushes. Designed for use in the first sink of a three sink cleaning system in bars, taverns, restaurants, etc. Provides sparkling clean, streak-free beer glasses, wine glasses, water glasses, etc. Produces copious foam that eliminates stains, scale and soils. Mild to the hands.

*100x½ oz. case* #18350
*6x2 lb. case* #18362

Last Sink Sanitizer

**Powdered Bar Glass Sanitizer**
An EPA registered sanitizer for use in restaurants, bars institutional kitchens and food handling and process areas. Designed for use on glassware, silverware, dishes and other mobile food contact items. May also be used to sanitize counters, tables, food preparation equipment, trays, sinks and other immobile items. Provides 100 ppm available chlorine when diluted as directed with a minimum two minute contact time.

*100x¾ oz. case* #18925
*6x2 lb. case* #18962

QuatSan

**Food Contact Sanitizer for Restaurants, Bars, Food Processing**
An EPA registered no-rinse sanitizer, disinfectant, cleaner and mildewstat for use in restaurants, bars, institutional kitchens, and food handling and process areas. Red colored product imparts slight color tint in solution to assure use. May be used at a variable dilution rate of .75 - 2 oz. per 4 gallons of water (150-400 ppm active quat). Also excellent for food processing equipment, dairy processing equipment, utensils and other hard, nonporous food contact surfaces. Effective against a multitude of listed organisms.

*4x1 gal. case* #19541
*5 gal. pail* #19505
Zap

No-Rinse Sanitizer for Glassware and Food Contact Surfaces
An EPA registered sanitizer, disinfectant, cleaner and mildewstat for use in restaurants, bars, institutional kitchens, and food handling and process areas. May be used at a variable dilution rate of 1.5-4 oz. per 4 gallons of water (150-400 ppm active quat). Effective against Escherichia coli, Staphylococcus aureus, Staphylococcus aureus Methicillin Resistant (MRSA), Listeria monocytogenes and other listed bacteria. Also excellent for sanitizing ice machines.

4x1 gal. case  #18441
5 gal. pail      #18405

Iso-Phor

Iodine Cleaner-Sanitizer for Restaurants and Food Service
An EPA registered iodine-based sanitizer for use in restaurants and other food service institutions. Designed for sanitizing glasses, dishes, food storage areas and other food contact surfaces. Low foaming. Excellent for sanitizing bar glassware in automatic glass washing machines. Used at 1 oz per 5 gallons with a 1 minute immersion time, followed by air drying with no subsequent water rinse. Provides 25 ppm titratable iodine when diluted.

2x1 gal. case  #18621

Beer Line Maintenance

Beer Line Cleaner

Low Foam Alkaline Detergent for Cleaning Draft Beer Lines
A chelated caustic detergent which helps eliminate bio-film, yeast residue, hop resins, bacteria, mold, sugar and protein build-up that accumulate in porous polymer beer tubing. Assures clean draft lines and consistently flavorful beer. Contains a blue dye indicator to assure complete flushing and chemical neutralization. Meets the standards for beer line detergents established by the Brewer's Association. Low foaming and highly concentrated.

6x1 qt. case  #18706
4x1 gal. case  #18741
55 gal. drum   #18755

Acid Line Cleaner

Low Foam Acid Descaler for Cleaning Draft Beer Lines
A blended acid detergent which dissolves beer stone and scale buildup that accumulate in porous polymer beer tubing. Assures clean, free-flowing draft lines and consistently flavorful beer. Suitable for well-maintained or heavily scaled lines. Contains a red dye indicator to assure complete flushing and chemical neutralization. Meets the standards for beer line scalers established by the Brewer's Association. Low foaming and highly concentrated.

6x1 qt. case  #18806
4x1 gal. case  #18841
55 gal. drum   #18855

ChillPro

Propylene Glycol Additive for Beer Chilling Systems
Keeps beer lines cold from the tap to the keg, assuring delivery of cold beer to the customer regardless of distance the beer travels. In addition to providing beer cooling and freeze protection, this product also acts as a lubricant to prolong pump life. Safe on graphite seals. Suitable for use with any glycol cooling system.

4x1 gal. case  #15041
55 gal. drum   #15055
Beverage Equipment Cleaning

Rip Tide
Low Foaming Alkaline CIP Detergent for Breweries and Food Plants
High alkaline detergent for low foam CIP cleaning of machinery, tanks, pipelines, kettles, fermenters, conditioning tanks and other hard surfaces in breweries, meat and poultry plants, seafood plants, dairies, canning operations, bottling facilities and many other types of food processing plants. Very low foaming for easier rinsing and reduced pump cavitation. Removes baked on grease, oil, carbon, protein, fats, sugars, carbohydrates and other difficult soils quickly and effectively. Also excellent for soak and immersion cleaning.

5 gal. pail #93505
55 gal. drum #93555

Blast CIP
Low Foaming Chlorinated CIP Food Plant Detergent
Premium chlorinated alkaline detergent for low foam CIP cleaning of machinery, tanks, pipelines, beer lines, kettles, fermenters, conditioning tanks and other hard surfaces. Ideal for use in breweries and most types of food processing plants. Designed for agitated cleaning systems where excessive foam may cause problems with rinsing or damage to pumps. Chlorine improves cleaning, destaining and deodorizing. Also great for COP and soak cleaning applications. Rinses completely. USDA A1.

4x1 gal. case #93841
5 gal. pail #93805
55 gal. drum #93855

Medalist CIP
Metal Safe Low Foam CIP Food Plant Detergent
Provides safe cleaning of aluminum, tin, galvanized and other non-ferrous metal surfaces. High strength, low foaming alkaline detergent for CIP cleaning of machinery, tanks, pipelines, beer lines, kettles, fermenters, conditioning tanks and other hard surfaces. Ideal for use in breweries and most types of food processing plants. Designed for agitated cleaning systems where excessive foam may cause problems with rinsing or damage to pumps. Also great for COP and soak cleaning applications. Non-chlorinated.

5 gal. pail #93905
55 gal. drum #93955

Gale Force
High Powered Foaming Alkaline Food Plant Detergent
Super strength alkaline detergent dissolves the toughest deposits of protein, sugars, carbohydrates, fats, oils, grease and carbon. Very high foaming for extended contact time and improved cleaning performance on vertical surfaces. Ideal for removing boiler sludge and cleaning beer kegs. An excellent, versatile detergent for breweries, food plants, dairies, beverage plants, smokehouses, meat and poultry plants, and many other operations.

5 gal. pail #93405
55 gal. drum #93455

PowerChlor
High Foaming Chlorinated Alkaline Food Plant Detergent
Superb chlorinated alkaline detergent for foam cleaning in food processing plants, breweries, beverage facilities, supermarkets, and most other food preparation areas. Produces abundant clinging foam which adheres to vertical surfaces, improving contact time and soil removal. Contains chlorine for excellent protein removal, destaining and deodorizing. Alkalis attack and dissolve fats, oils, grease and grime. Ideal for use with foam generating equipment, pressure washers or manual applications. Rinses completely. USDA A1.

4x1 gal. case #93641
5 gal. pail #93605
55 gal. drum #93655
Beverage Equipment Cleaning

Work Horse
High Foaming Metal Safe Chlorinated Food Plant Detergent
Provides deep cleaning of food plant surfaces without attacking soft metals. Formulated for use in food processing plants, breweries, beverage facilities, supermarkets, and most other food preparation areas. Produces abundant clinging foam which adheres to vertical surfaces, improving contact time and soil removal. Contains chlorine for excellent protein removal, destaining and deodorizing. Effective on fats, oils, grease and grime. Ideal for use with foam generating equipment, pressure washers or manual applications.

- 5 gal. pail #93705
- 55 gal. drum #93755

Rampage
Super Strength Foaming Industrial Degreaser
Powerful, very high foaming alkaline detergent-deterge for demanding institutional and industrial cleaning requirements. Provides copious foam which clings to walls, tanks, equipment, machinery, and other vertical surfaces, improving contact time and cleaning performance. Perfect for use in food and beverage plants, meat plants, poultry plants, and many other operations where heavy grease and soil make plant maintenance a challenge.

- 4x1 gal. case #93341
- 5 gal. pail #93305
- 55 gal. drum #93355

MSR
Low Foam Acid CIP Detergent for Food and Beverage Plants
High active, low foaming acidic CIP cleaner for use in breweries, milk processing plants, cheese factories, dairy farms, restaurants, fast food operations, and other food processing and foodservice applications. Formulated to rapidly penetrate and dissolve beerstone, milkstone, lime scale, aluminum oxide, rust and mineral deposits. Ideal for use in all types of process lines, filling equipment, tanks, kettles and many other applications. Low foam reduces rinsing time and wear on pumps. Safe on stainless and nickel surfaces. USDA A3.

- 5 gal. pail #93005
- 55 gal. drum #93055

Red Heat
High Foaming Acid Detergent for Food Processing Facilties
High foaming acidic detergent designed for use in dairies, breweries, meat and poultry plants, and many other types of food processing facilities. Produces abundant clinging foam which adheres to vertical surfaces, thus increasing contact time and improving cleaning performance on walls, tanks, equipment, etc. Ideal for use with foam generating equipment. Penetrates and dissolves accumulated beerstone, milkstone, lime scale, aluminum oxide, rust and mineral deposits without harming surfaces.

- 5 gal. pail #93105
- 55 gal. drum #93155

Brilliant
Low Foam CIP Acid Blend for Stainless Steel Passivation
A powerful blend of phosphoric and nitric acids formulated to passivate and brighten stainless steel tanks, transfer lines, kegs and other stainless surfaces. Removes spots, deposits and micro-films of iron oxide (rust), foreign matter, beerstone, oxalates and other inorganic deposits from tank surfaces. Prevents these contaminants from leaching iron ions into beer, wine or other beverages and negatively affecting quality and taste. Leaves stainless surfaces sparkling with a passivation layer of chromium oxide. Low foaming formulation for use in CIP, manual or soak cleaning processes.

- 5 gal. pail #97805
- 55 gal. drum #97855
**Beverage Equipment Cleaning**

**PeraBright**
*Peracetic Acid 5% Solution for Food Processing Plants*
A 5% active peracetic acid formula for bleaching and deodorizing in food plant, beverage, brewery and other food processing operations. Ideal for CIP cleaning of pipelines, fillers, vats, tanks, food contact surfaces, processing equipment, fillers, conveyors and other equipment used in processing and packaging meat, poultry, seafood, fruit, nuts, vegetables, eggs, beverage, beer, dairy and more. Also excellent for use on non-food contact surfaces in institutions, non-medical facilities, packing houses, coops, crates, and more.

- 5 gal. pail
- 55 gal. drum

#26205
#26255

**OxyForce**
*Powdered Oxygen Tank and Equipment Detergent*
A low foam oxygen releasing detergent formulated for use in breweries, distilleries, wineries, food processing plants and many other industrial applications. Designed for CIP cleaning of kegs, conditioning tanks, kegs, fermenters, filters, filling lines, transfer lines, packaging equipment, etc. Also excellent for COP/Soak cleaning of parts, fittings, utensils, pots, pipes, tubing and most other process equipment, as well as returnable bottles.

**SaniChlor**
**Chlorine Sanitizer for Food Contact Surfaces**
An EPA registered chlorine sanitizer formulated for sanitizing nonporous food contact surfaces. Offers broad spectrum germicidal efficacy. Ideal for use in tanks, kettles, transfer lines and filling equipment. Used at 100 ppm for sanitizing food processing equipment, dishes and glassware using rinse, immersion or CIP cleaning procedures. Solutions must be periodically tested to assure that the available chlorine level does not drop below 50 ppm.

**Beverage Equipment Sanitizing**

**StoneCutter**
*High Foam No-Rinse Acid Cleaner-Sanitizer*
A highly effective foaming EPA registered food contact sanitizer. Allows for cleaning and sanitizing in one step without a subsequent water rinse. For use on food contact surfaces in food processing plants, meat and poultry processing plants, cheese factories, milk processing plants, dairies and restaurants. Diluted at ½ oz. per 2 gallons of water to yield 150 ppm active quat. Effective against *Escherichia coli*, *Salmonella enterica*, *Listeria monocytogenes*, *Staphylococcus aureus* and other listed bacteria with a 1 minute contact time.

- 4x1 qt. case (Squeeze & Pour bottles) #33932
- 2x1 gal. case #33921
- 5 gal. pail #33905
- 55 gal. drum #33955

**Vector**
*5.9% Peracetic Acid Sanitizer-Disinfectant-Cleaner-Virucide*
A potent EPA registered sanitizer and disinfectant containing 5.9% active peracetic acid. Highly effective against a broad range of listed bacteria when used as directed, including *Clostridium difficile* (C. diff), *Myobacterium bovis* (TB), *Escherichia coli*, *Salmonella enterica*, *Listeria monocytogenes*, *Pseudomonas aeruginosa*, and other organisms listed on the label. This highly versatile formula can be used as a no-rinse sanitizer in food plants, breweries, wineries, supermarkets, and food handling operations. Also an excellent for spray or immersion treatment of vegetables.

- 2x1 gal. case #95921
- 5 gal. pail #95905
- 55 gal. drum #95955

**ReadyQuat**
*Ready-To-Use Sanitizer for Food Contact Surfaces*
An EPA registered, ready-to-use sanitizer for use on food and non-food contact surfaces in restaurants, institutional kitchens, and other food service operations. Excellent for immobile hard surfaces such as table tops, food processing equipment, counter tops, tanks and other listed areas. Delivers a 200 ppm active quaternary solution that eliminates 99.999% of listed bacteria with 1 minute contact time.

- 6x1 qt. case #18506

**Plant Maintenance**

**Fat Chance**
*Foaming Degreaser for Meat Rooms and Food Plants*
A specialized high strength detergent that dissolves, fat, oil, grease, starch and most other food soils. High foaming for improved contact time and cleaning performance on vertical surfaces. Excellent for use with foaming equipment, pressure washers, floor scrubbers, soak and immersion cleaning, or manual cleaning processes. Provides powerful cleaning in food plants, meat and poultry processing areas, breweries, supermarkets, butcher shops, and many other areas requiring fast, effective cleaning. Highly concentrated.

- 5 gal. pail #95805
- 55 gal. drum #95855
Plant Maintenance

**Blitz**
*Foaming Alkaline Industrial Degreaser*
Industrial strength cleaner-degreaser suitable for a wide variety of cleaning and maintenance tasks. Fortified with a unique surfactant system coupled with special solvents and alkalis, this product is very effective at penetrating and dissolving grease and soils. Excellent for use with floor scrubbers, pressure washing equipment or mop and bucket. Highly dilutable and economical to use. USDA A4.

- 4x1 gal. case: #31541
- 5 gal. pail: #31505
- 55 gal. drum: #31555

**Natural Green**
*Foaming Metal Safe Degreaser*
A powerful foaming degreaser formulated for safer to use on aluminum and other non-ferrous metals. Contains no caustic. Excellent for cleaning processing tanks, fillers and other food plant equipment made with soft metals. Also great for floors, walls, counters and many other non-porous surfaces. Performs better than national brand degreasers at a much lower cost. Non-flammable, non-corrosive and non-toxic.

- 4x1 gal. case: #32141
- 5 gal. pail: #32105
- 55 gal. drum: #32155

**JetSolve**
*Heavy Duty Foaming Metal Safe Degreaser*
A versatile degreaser featuring very high foaming characteristics for plant and industrial cleaning. Safe for use on aluminum and other non-ferrous metals. Does not contain caustic soda. Produces abundant clinging foam which adheres to vertical surfaces, improving contact time and soil removal. Excellent for most plant equipment and surfaces. Non-flammable, non-corrosive and non-toxic.

- 4x1 gal. case: #31241
- 5 gal. pail: #31205
- 55 gal. drum: #31255

**Citr-O₂**
*Multi-Purpose Citrus Peroxide Cleaner-Degreaser-Deodorizer*
Performs a multitude of cleaning and degreasing functions. Fortified with d’limonene and hydrogen peroxide for superb cleaning, stain removal and odor elimination. Solvents penetrate and emulsify grease and soil while peroxide oxidizes stains and provides color safe bleaching. Great for removing blood stains from cutting boards and food processing areas. Highly versatile product for a wide variety of cleaning tasks in food plants, beverage plants, foodservice operations, restrooms areas, and much more. Non-corrosive and non-toxic.

- 4x1 gal. case: #34441
- 5 gal. pail: #34405
- 55 gal. drum: #34455

**CitraClean**
*Citrus Fortified Cleaner-Degreaser*
Multi-purpose cleaner-degreaser fortified with d’limonene, a citrus by-products with exceptional solvency, degreasing and deodorizing characteristics. Great for removing grease, oil, tar, carbon, tire marks, scuffs and most other soils. High foaming for improved contact time on vertical surfaces. Leaves areas thoroughly clean and fresh smelling. Biodegradable, non-corrosive and non-toxic. Fresh citrus fragrance.

- 4x1 gal. case: #31841
- 5 gal. pail: #31805
- 55 gal. drum: #31855
Plant Maintenance

Clean Slate
*Reduced Slip Floor Cleaner and Grout Brightener*
Provides deep cleaning and brightening of ceramic and quarry tile surfaces and grout lines. Penetrates and dissolves accumulated mineral deposits, soap scum, oil, grease, salts and other soils without harming surfaces. Penetrates porous grout lines and lifts out embedded dirt and grime. High foaming and pleasantly scented. Great for quarry tile floors in busy kitchens, food plants, locker rooms, and many other locations.

- 4x1 gal. case  #34541
- 5 gal. pail  #34505
- 55 gal. drum  #31855

Go
*Streak-Free Spray Cleaner for Glass & Hard Surfaces*
Removes soils, fingerprints, smudges, film and smears from windows, mirrors, granite, marble, tank exteriors, stainless steel, chrome, copper, brass, computer screens, counters, equipment and much more. Cleans superbly without streaking. Safe on most surfaces. Quick drying and non-ammoniated. Fresh floral scent.

- 12x1 qt. case  #35312
- 4x1 gal. case  #35341

Stellar
*Premium Stainless Steel Cleaner & Polish*
An outstanding cleaner and polish for stainless steel. Restores the natural beauty of stainless and similar metal surfaces. Removes finger marks, water spots, grease and oil stains and smudges. Leaves behind a residual protective film which resists resoling. Easy to use and very effective. Tastless, colorless and odorless. Meets FDA standards for use on food contact surfaces and equipment.

- 6x1 qt. case  #19406

Formula HD-10
*Heavy Duty Alkaline Detergent for Food Processing Plants*
A super-strength, moderate foaming detergent for a variety of heavy duty cleaning tasks in food plants, dairies, bakeries, breweries, meat plants, institutional kitchens, supermarkets and more. Dissolves stubborn grease, oil, fat and protein from hard surfaces. Heavily fortified with builders, alkanals and surfactants for superior penetration and removal of soils. Rinses easily with water.

- 100 lb. drum  #94401
- 300 lb. drum  #94403

Formula GP-20
*Metal Safe Detergent for Food Processing Plants*
All purpose powdered detergent formulated for safer to use on aluminum and galvanized, as well as stainless steel and ferrous metal surfaces. Moderate foaming. Contains no caustic. Excellent for cleaning floors, walls and most other hard surfaces in food plants, dairies, bakeries, breweries, meat plants, institutional kitchens, supermarkets and more. Dissolves fat, grease and soil quickly and completely.

- 100 lb. drum  #94501
- 300 lb. drum  #94503
**Conveyor Lube**
*High Performance Conveyor Lubricant*
Soap-based lubricant designed for bottle filling conveyors, dishmachines and most other automatic and semi-automatic conveyors. Effectively reduces drag and friction on all moving parts, thereby extending the life of conveyors, motors and connected equipment. Assures smooth operation and helps minimize down time. Long-lasting. Performance is not affected by food soils, water hardness or temperature. Safe on all metal surfaces.
5 gal. pail  #19705

**Blue Creme**
*Super Premium Pot, Pan and Dish Detergent*
Superior quality detergent for manual washing of dishware, cooking utensils, pots, pans, flatware and other cooking and eating utensils. Provides excellent grease cutting while being mild to the hands. Rich, long-lasting foam stands up to difficult cleaning tasks.
4x1 gal. case  #12241
5 gal. pail  #12205

**Dish Brite**
*High Sudsing Pot, Pan and Dish Detergent*
Excellent all purpose manual pot, pan and dish detergent. Provides effective removal of grease and soils at an economical usage cost. Contains unique surfactants that generate copious, long-lasting suds. Easily handles most cleaning tasks. Pleasant fragrance and gentle to the skin.
4x1 gal. case  #12341
5 gal. pail  #12305

**Medalist**
*Metal Safe Machine Dishwash Detergent*
High performance machine dishwashing detergent formulated for cleaning aluminum bakeware, pots, pans, utensils and cookware in pan washers and dishmachines. Ideal for use in bakeries and other food processing areas using aluminum cookware. Cuts grease, oil and food soil buildup. Will not etch aluminum or other non-ferrous metals.
5 gal. pail  #13805

**AlumaSoak**
*Powdered Heavy Duty Aluminum Soak Tank Cleaner*
Removes stubborn deposits of built-up grease and baked-on carbon from aluminum and stainless utensils, pots and pans, bakeware, measuring vessels, fryer baskets and trays, filters, hoods, and much more. Ideal for soak and immersion cleaning processes. Provides excellent cleaning performance while being safe on most types of metal. Contains a powerful blend of alkalies, builders and surfactants for unsurpassed penetration and removal of difficult soils. Does not contain caustic soda.
2x6 lb. case  #17928
50 lb. drum  #17950
100 lb. drum  #17901

**SaniPalm**
*E2 Sanitizing Hand Soap for Food Processing Plants*
A quaternary-based hand wash and sanitizing compound for food processing plants and food handling establishments. Effectively reduces the bacteria flora of the skin on contact. Contains cosmetic-grade surfactants and cleaning agents which produce thick, luxurious lather. Routine use reduces bacterial cross-contamination. USDA E2.
4x1 gal. case  #76141
