

AMBER™

High Performance Pot, Pan and Dish Detergent

Superior quality detergent for manually washing dishware, cookware, glassware, flatware and other cooking and eating utensils. Heavily fortified with the highest quality surfactant system for unsurpassed grease cutting. Produces rich foam which stands up to the most difficult cleaning tasks. Gentle to the skin. Pleasant lemon fragrance.

Directions for Use

For best results, this product should be dispensed by equipment installed and/or approved by your Service Representative. Dilute 1-2 ounces of this product for every six gallons of warm water in the dishwashing sink. Increase the concentration to 3-4 ounces for very high levels of grease and food soil. Wash as usual, then rinse with clean water and allow to air dry before storing or reusing. For baked-on food deposits, allow ware to soak in a hot water solution of this product for at least 30 minutes before cleaning.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com.
