

ANTICHLOR

Chlorine Neutralizer

A commercial strength additive for eliminating chlorine carry-over in commercial laundry applications. Reduces fabric damage by chemically neutralizing the residual chlorine bleach used in the washing process. Allows for heavy "shock" chlorine treatment where needed for extra destaining without concern about chlorine residue.

Directions for Use

The amount of this product to be used will vary according to the load size, soil type and amount, water conditions, and other factors. Your Service Representative will analyze these variables and set up dispensing equipment and usage concentration accordingly. To determine usage quantity, test for chlorine content in final rinse (before adding softener or sour) and use a sufficient amount of this product to eliminate chlorine residue. In general 1-3 ounces of per 50 lbs. of load size will be sufficient to neutralize all chlorine residue.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	Colorless Liquid
Odor	Characteristic
pH (1% solution, 22°C)	>8.0
Foaming	Low
Flash Point	None
Bulk Density (lbs/gal, 22°C)	9.82 ±0.1
Stability Range	40-100°F
Free Alkalinity (as Na ₂ O)	None
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content (as P)	None

Product Number

26305
26315
26355

Packaging

5 gal. pail
15 gal. drum
55 gal. drum
