

# BROWN OUT™

## Tannin Spot Remover for Carpeting

A mildly acidic debrowning agent for use on carpeting and upholstery. Effective against most brown and natural tannin stains from coffee, tea, cola, wine, urine, perfume and some types of inks and dyes. Also neutralizes alkaline residue and serves as an overall spotter. May be added to carpet cleaning solutions as a browning preventative. Dries quickly.

### Directions for Use

Pretest in an inconspicuous area to assure colorfastness of carpet. For stain resistant carpeting, dilute this 1 part of this product with 2-3 parts water. Apply evenly with a garden or trigger sprayer to brown areas, covering approximately 200 square feet per gallon. Agitate with a brush or scraper. Allow several minutes dwell time, then blot with a clean white towel. To prevent browning, add 2-3 ounces per gallon of carpet cleaning solution.

### Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from [www.crown-chem.com](http://www.crown-chem.com).

### Technical Specifications

Appearance	Green Liquid
Odor	Characteristic
pH (1% solution, 22°C)	<2.0
Foaming	Low
Flash Point	None
Bulk Density (lbs/gal, 22°C)	10.00 ±0.1
Stability Range	40-100°F
Free Alkalinity (as Na <sub>2</sub> O)	None
Solubility (in H <sub>2</sub> O, 22°C)	100%
Phosphate Content	<10.0%

### Product Number

51741

### Packaging

4x1 gal. case
