Pot & Pan Detergent

Super-Premium Pot, Pan & Dish Detergent

A super-premium quality detergent for manually washing dishware, cookware, glassware, flatware and other cooking and eating utensils. Heavily fortified with the highest quality surfactant system for unsurpassed grease cutting. Great for pots and pans. Produces rich, stable foam which stands up to the most difficult cleaning tasks. Gentle to the skin. Pleasant floral fragrance.

Directions for Use

Dilute this product at a rate of ½-1 ounce per four gallons of warm water (1,024:1 - 512:1) into the dishwashing sink. Increase the concentration as needed for very high levels of grease and food soil. Wash as usual, scrubbing well with a sponge, cloth or brush to remove heavy soils. Rinse with clean water, sanitize as required by the local health department, then allow to air dry before storing and reusing. Do not dry cleaned items with a towel. For baked-on food deposits, allow ware to soak in a hot water solution of this product for at least 30 minutes before cleaning.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.
