## Foaming Alkaline Degreaser

### Super Strength Institutional-Industrial Degreaser

A powerful, high foaming alkaline detergent-degreaser for demanding institutional and industrial cleaning requirements. Formulated for use on greasy floors, walls, equipment, countertops, machinery and other non-porous hard surfaces. Ideal for use in food plants, beverage plants, meat and poultry plants, restaurants, and many other applications where heavy grease and soil are encountered. Contains a powerful blend of solvents, alkalis and surfactants in addition to special emulsifiers for rapid soil penetration and emulsifying. High foaming improves contact time and cleaning results on vertical surfaces. Designed for superb performance where challenging maintenance requirements are encountered. Leaves surfaces thoroughly clean. Highly dilutable and economical to use.

#### Directions for Use

**Mop and Bucket Cleaning:** Dilute 2 ounces of this product per gallon of water (64:1). For heavy soil, dilute at 4 ounces per gallon of water (32:1). Apply solution with a mop, then allow several minutes contact time to penetrate soils. Scrub vigorously with a deck brush to improve soil penetration and removal. Rinse completely with clean water. Allow floor to dry before reuse. Not recommended for use on finished floors.

**Automatic Floor Scrubbers:** Dilute 1 ounce of this product per gallon of hot water (128:1) in the machine's solution tank. Scrub and rinse floor as recommended by machine manufacturer.

**Foam Applications:** Follow equipment manufacturer's recommended procedures for use of equipment. This product should be proportioned at 1-4 ounces per gallon of hot water (128:1 - 32:1) for effective foam cleaning performance. Scrub surfaces after application, allow several minutes contact time, then rinse completely. Apply no-rinse sanitizer as required.

#### Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from [www.crown-chem.com](http://www.crown-chem.com).

- ❖ **Highly Concentrated for Demanding Cleaning Requirements**
- ❖ **Emulsifies Stubborn Grease and Soil on Contact**
- ❖ **Effectively Removes Grease, Oil, Fat, Food Soils, and More**
- ❖ **High Foaming for Improved Cling on Vertical Surfaces**

#### Technical Specifications

Appearance	Brown Liquid
Odor	Characteristic
pH (1% solution, 22°C)	<13.0
Foaming	High
Flash Point	None
Density (lbs/gal, 22°C)	9.50 ±0.1
Stability Range	50-100°F
Free Alkalinity (as Na <sub>2</sub> O)	Very High
Solubility (in H <sub>2</sub> O, 22°C)	100%
Phosphate Content (as P)	None

#### Product Number

CC1464

CC1441

CC1425

\*For closed-loop dispensing system

#### Packaging

4x64 oz. case\*

4x1 gal. case

2x2½ gal. case
