Odor Eliminator

Concentrated Odor Neutralizer & Air Freshener

A professional quality air freshener which counteracts objectionable odors in waste receptacles, restrooms, kitchens, restaurants, taverns, locker rooms, shower areas, kennels, pet areas, automotive interiors, and most other areas where malodors are encountered. Not a mask--actually attacks and chemically destroys the source of odors on contact. May be applied with spraying, atomizing or fogging equipment, or as an additive in a mop bucket or a carpet extraction unit. Provides efficient cleaning or light or medium duty soils. Leaves a pleasant, lingering odor.

Directions for Use

Preclean by removing accumulated soils that may harbor odor-causing bacteria. Dilute this product at the rate of 4-8 ounces per gallon of water (32:1-16:1) into a properly labeled spray bottle. Follow directions below for specific applications.

Restrooms, Kitchens, Hotel Rooms, Restaurants, Taverns, etc.: Apply by spraying solution onto areas where odors originate, including floors, walls, bathroom fixtures, dividers, toilets and urinals. For general air freshening, spray product into the air using the finest spray mist possible. Allow to air dry. To prevent slippage, avoid overwetting floors

Waste Receptacles, Garbage Chutes, Dumpsters: Preclean accumulated soil from surfaces. Use product at full strength or diluted 1:1 with water. Apply by spraying onto source of odors, making sure to fully saturate all surfaces. For larger areas, use a garden-type sprayer. Allow to air dry.

Mop Bucket, Carpet Extraction: As an additive for floor or carpet cleaning, dilute 4-8 ounces of this product per gallon of diluted cleaning solution (32:1-16:1).

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.

- ***Not a Mask - Chemically Neutralizes Odors at Their Source***
- ***Formulated for a Wide Variety of Applications***
- ***Fresh, Lingering Citrus Floral Scent***

Technical Specifications

Appearance	Orange Liquid
Odor	Citrus Floral
pH (1% solution, 22°C)	<10.0
Foaming	Moderate
Flash Point	None
Density (lbs/gal, 22°C)	8.30 ±0.1
Stability Range	40-100°F
Free Alkalinity (as Na_2O)	Low
Solubility (in H_2O, 22°C)	100%
Phosphate Content (as P)	None

Product Number	Packaging
CC0564	4x64 oz. case*
CC0541	4x1 gal. case
CC05115	1x1½ gal. case*

*For closed-loop dispensing systems
