

CONVEYOR LUBE

High Performance Lubricant for Chains and Conveyor Systems

A soap-based liquid lubricant designed for use on dishmachine conveyors. Effectively reduces drag and friction on all moving parts, thereby extending the life of conveyors, motors and connected equipment. Assures smooth operation and helps minimize down time. Very long-lasting. Performance is not affected by food soils, water hardness or temperatures. Safe on all metal surfaces. An essential product for proper dishmachine performance.

Directions for Use

Apply to gears, chains, guides, and other areas on conveyor where lubrication is needed to reduce friction and assure smooth machinery operation. Consult your warewashing Service Representative for additional information.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	Yellow Liquid
Odor	Characteristic
pH (1% solution, 22°C)	<8.0
Foaming	Moderate
Flash Point	None
Bulk Density (lbs/gal, 22°C)	8.36 ±0.1
Stability Range	40-100°F
Alkalinity (as Na ₂ O)	None
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content (as P)	None

Product Number

19705

Packaging

5 gal. pail
