

CUFF & COLLAR™

Laundry Prespotter & Stain Remover

A concentrated detergent for removal of a wide variety of stains by prespotting or presoaking. Designed for use in institutional and industrial on-premise laundries on sheets, towels, blankets, table linens, uniforms, shirts, rags, coveralls, and much more. Effectively penetrates and dissolves stubborn soils prior to washing. Fortified with high concentrations of solvents, alkalis and surfactants for excellent stain penetration and removal. Suitable for cotton, poly blends, acrylic, nylon, rayon and other fabrics. An essential product for maintaining clean laundry. Non-flammable, non-hazardous and non-corrosive. Contains no chlorinated solvents.

Directions for Use: Prior to use, test this product in an inconspicuous area to assure compatibility with fabric to be treated. This product may be diluted up to 32 oz. per gallon of water (3:1) for light to medium stain levels. For heavy stains, use at full strength.

Prespotting: Spray liberally onto stains. Agitate stain with a soft brush or by rubbing fabric together to improve removal. Allow to remain on fabric for 5-10 minutes prior to laundering.

Presoaking: Prepare a solution of 6-8 ounces of this product per gallon of hot water. Place stained laundry into soaking vessel, then pour this product into vessel, immersing fabric completely. Allow to soak for at least 30 minutes, up to 8 hours, then launder as usual.
