Technical Data Sheet

DishBrite™

Manual Pot & Pan Detergent

High quality detergent for manually washing dishware, cookware, glassware, flatware and other cooking and eating utensils. Heavily fortified with the highest quality surfactant system for excellent removal of food soils. Produces rich foam which stands up to difficult cleaning tasks. Gentle to the skin. Pleasant cherry fragrance.

Directions for Use: For best results, this product should be dispensed by equipment installed and/or approved by your Service Representative. Dilute 1-6 ounces of this product for every six gallons of warm water in the dishwashing sink. Increase the concentration to 3-8 ounces for very high levels of grease and food soil. Wash as usual, then rinse with clean water and allow to air dry before storing or reusing. For baked-on food deposits, allow ware to soak in a hot water solution of this product for at least 30 minutes before cleaning.

TECHNICAL SPECIFICATIONS

Appearance	Pink Liquid
Odor	Cherry
pH (1% solution, 72°F)	~7.0
