

Technical Data Sheet

Esteem™

High Foaming Alkaline Food Plant Cleaner-Degreaser

A premium alkaline detergent for high foam cleaning of floors, walls, countertops, machinery and equipment in food processing plants. Produces clinging foam which extends contact time on vertical surfaces, thus improving cleaning performance. Formulated for demanding maintenance requirements in meat and poultry processing plants and food processing operations. Removes difficult grease and soils quickly and effectively. Contains powerful alkalis and surfactants for unmatched emulsifying power. USDA approved, category A4. Non-flammable and biodegradable.

Directions for Use

For normal applications, dilute 2-8 ounces per gallon of hot water. For very heavy soil accumulations, increase concentration to 8-16 ounces per gallon. Apply solution liberally to surface and agitate with a mop, sponge or cleaning rag. For best results, apply with foam application equipment. Allow several minutes contact time for detergent to penetrate and dissolve soils. Rinse completely to remove chemical and soil residue. If necessary, follow with an approved no-rinse sanitizer. NOTE: Use with care on painted surfaces. Prolonged contact may cause removal of paint. Pretest in an inconspicuous area beforehand to assure compatibility with surface.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	Blue Liquid
Odor	Lemon
pH (1% solution, 22°C)	<11.5
Foaming	Very High
Flash Point	None
Bulk Density (lbs/gal, 22°C)	9.70 ±0.1
Stability Range	50-100°F
Free Alkalinity (as Na ₂ O)	Very High
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content (as P)	None
USDA Rating	A4

Product Number

93205
93255

Packaging

5 gal. pail
55 gal. drum
