Chlorine Laundry Brightener

Super-concentrated chlorine additive for outstanding results in industrial and institutional on-premise laundries. Eliminates stains and brightens white and colorfast cottons, linens, polyesters, and other fabrics. Rapidly penetrates and removes a variety of organic and inorganic soils. Not for use on silk, wool, mohair, leather, spandex (lycra), or non-colorfast fabrics. Not for home use.

Directions for Use: Pre-sort laundry before washing. Presoak and/or treat fabric with stain removers as needed. Your Service Representative will determine the proper amount of this product to be used based on soil level, fabric type, load size, water conditions, and other variables. Test product in an inconspicuous area to assure colorfastness before use. In general, to brighten colorfast cotton, linen, nylon, dacron, orlon, and rayon, use 2 to 4 ounces of this product per 50 lbs. of load size where normal soil levels and water conditions are present. Add to presoak, wash water, or first rinse. Do not pour directly onto fabric. Test chlorine strength periodically.

- ***The most concentrated laundry chemistry in the industry ... one 1½ gal. bottle = approx. one 5 gal. pail of standard products***
- ***Closed-loop dispensing virtually eliminates chemical contact and ensures consistent product delivery and results***
- ***Reduces plastic waste disposal by over 600% ... Far less environmental impact and carbon footprint***
- ***Formulated to deliver outstanding results and lower costs in hospitality, healthcare and other on-premise laundries***
- ***Improved fabric cleanliness, brightness, softness and stain removal for fewer rewash loads***
- ***Smaller containers with convenient grip that hangs on a wall and are easier to handle***

TECHNICAL SPECIFICATIONS

Appearance	Yellow-Green Liquid
Odor	Chlorine
pH (1% solution, 72°F)	<12.0
Foaming	None
Flash Point	>200°F
Bulk Density (lbs/gal, 72°F)	10.05±0.1
Stability Range	40 - 100°F
Free Alkalinity (as Na_2O)	High
Solubility (in H_2O, 72°F)	100%
Phosphate Content (as P)	None

PRODUCT NUMBER

FC30215
FC30015
FC30055

PACKAGING

2x1½ gal. case
15 gal. drum
55 gal. drum
