# FabriChem™

Next Generation Laundry System

# Soft

## Fabric Softener

Super-concentrated premium fabric softener for outstanding results in institutional and industrial on-premise laundries. Imparts a soft, silky finish on all types of fabric. Reduces drying time, improves the efficiency of ironing and helps eliminate static cling. Lemon fresh fragrance.

**Directions for Use:** Pre-sort laundry before washing. Presoak and/or treat fabric with stain removers as needed. Your Service Representative will determine the proper amount of this product to be used based on soil level, fabric type, load size, water conditions, and other variables. For most applications, use 1 to 2 ounces of this product per 50 lbs. of load size for normal conditions. Inject this product during the final rinse cycle. For best results, use hot or warm water. Final pH of fabric should be 5.5-6.5.

- ***The most concentrated laundry chemistry in the industry ... one 1½ gal. bottle = approx. one 5 gal. pail of standard products***
- ***Closed-loop dispensing virtually eliminates chemical contact and ensures consistent product delivery and results***
- ***Reduces plastic waste disposal by over 600% ... Far less environmental impact and carbon footprint***
- ***Formulated to deliver outstanding results and lower costs in hospitality, healthcare and other on-premise laundries***
- ***Improved fabric cleanliness, brightness, softness and stain removal for fewer rewash loads***
- ***Smaller containers with convenient grip that hangs on a wall and are easier to handle***

### TECHNICAL SPECIFICATIONS
