FabriChem™

Next Generation Laundry System

Sour

pH Neutralizer

Premium super-concentrated laundry sour for outstanding results in institutional and industrial on-premise laundries. Effectively neutralizes alkali, hard water, and chlorine residues which can cause fabric discoloration and degradation. Reduces yellowing from iron deposition and graying from calcium deposition. Improves overall fabric brightness and reduces rewashes and reclaims. Restores the natural pH of cotton, synthetics, and most other fabrics.

Directions for Use: Pre-sort laundry before washing. Presoak and/or treat fabric with stain removers as needed. Place items to be washed into machine. Do not underload or overload. Your Service Representative will determine the proper amount of this product to be used based on soil level, fabric type, load size, water conditions, and other variables. For most applications, use 1 to 2 ounces of this product per 50 lbs. of load size for normal conditions. Inject this product during the final rinse cycle. Final pH of fabric should be 5.5-6.5.

- ***The most concentrated laundry chemistry in the industry ... one 1½ gal. bottle = approx. one 5 gal. pail of standard products***
- ***Closed-loop dispensing virtually eliminates chemical contact and ensures consistent product delivery and results***
- ***Reduces plastic waste disposal by over 600% ... Far less environmental impact and carbon footprint***
- ***Formulated to deliver outstanding results and lower costs in hospitality, healthcare and other on-premise laundries***
- ***Improved fabric cleanliness, brightness, softness and stain removal for fewer rewash loads***
- ***Smaller containers with convenient grip that hangs on a wall and are easier to handle***

TECHNICAL SPECIFICATIONS

Appearance	Purple liquid
Odor	Characteristic
pH (1% solution, 72°F)	<2.0
Foaming	None
Flash Point	>200°F
Bulk Density (lbs/gal, 72°F)	13.05±0.1
Stability Range	40 - 100°F
Free Alkalinity (as Na_2O)	None
Solubility (in H_2O, 72°F)	100%
Phosphate Content (as P)	23.75%±0.1

PRODUCT NUMBER

FC40215
FC40015
FC40055

PACKAGING

2x1½ gal. case
15 gal. drum
55 gal. drum
