High-Performance Solvent-Based Engine and Shop Degreaser for Automotive and Industrial Applications

A premium quality, solvent-based emulsifying degreaser formulated to clean engines, transmissions and other automotive parts and equipment. Also an excellent tar and asphalt remover. Contains a powerful blend of solvents and surfactants for unsurpassed cleaning performance. Emulsifies with water for complete rinsing. May also be used for degreasing ferrous metals (iron and steel), machinery, equipment, walls, floors, and any other area where troublesome grease and soil must be removed. Leaves engines and parts thoroughly clean. Highly dilutable and economical to use.

Directions for Use

Prior to use, test this product in an inconspicuous area to assure compatibility with surface. May be used at full strength or diluted with warm water up to 8:1 depending on soil level. Apply solution to surface with a pump-type sprayer, pressure washer (at low pressure) or with a rag or sponge. Allow solution several minutes to penetrate and dissolve soils. Agitate with a brush, sponge or towel to facilitate soil removal. Rinse completely with hot water.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.
