

HYDROSHINE™

Cleaner-Protectant for Auto Interiors, Tires and More

A premium quality, water-based finish coat designed especially for use on tires, dashboards, bumpers and other automotive surfaces made of vinyl or rubber. Fortified with silicone for high gloss and durability, but contains no naptha or petroleum solvents. Ideal for use in auto dealerships, detail shops, car wash facilities and most other auto service facilities. Ideal for auto interiors--leaves no objectionable odor.

Directions for Use

Before use on tires, clean tire thoroughly using a high quality wheel cleaner. Assure that tire is completely dry before applying this product. Spray onto tire, dashboard or other surface to be treated. Wipe with a clean rag, then allow to air dry. Avoid overspray onto glass or other vehicle surfaces.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	White Liquid
Odor	Characteristic
pH (full strength)	<8.0
Foaming	Low
Flash Point	>200°F
Bulk Density (lbs/gal, 22°C)	8.36 ±0.1
Stability Range	50-100°F
Free Alkalinity (as Na ₂ O)	None
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content	None

Product Number

87441
87405
87455

Packaging

4x1 gal. case
5 gal. pail
55 gal. drum
