

LIGHTNING™

Heavy Duty Powdered Detergent for Fryers, Ovens, Grills & Hoods

Dissolves tough deposits of built-up grease and carbon on fryers, grills, stoves, exhaust fans, hoods, filters and barbecues. This product is fortified with high concentrations of emulsifiers, alkalis, and surfactants for unsurpassed penetration and removal of stubborn soils. Non-fuming and non-flammable. Not recommended for use on aluminum, tin, pewter or other non-ferrous or galvanized metals.

Directions for Use

Deep Fat Fryers: Drain oil and remove food debris. Fill with water to grease line, then add 10-14 ounces of this product. Bring to a low boil for 15-20 minutes, then allow to cool. Drain fryer, scrub any remaining food deposits, neutralize with vinegar or a mild acid solution, then drain and rinse with water.

Ovens and Grills: Scrape heavy food deposits from surface to be cleaned. Heat oven or grill to about 130°F--do not heat above 160°F as violent splattering may occur. Dilute 4-8 ounces of this product per gallon of hot water. Apply solution liberally to surface and allow several minutes contact time to penetrate soils. Scrub with a rag, sponge or brush. Use a non-abrasive pad for stubborn soil deposits. Flush surface with vinegar or mild acid solution to neutralize alkalinity, then rinse completely with clean water.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	Tan Powder
Odor	Characteristic
pH (1% solution, 22°C)	>12.0
Foaming	Moderate
Flash Point	30-100°F
Bulk Density (lbs/gal, 22°C)	9.00 ±0.1
Stability Range	N/A
Free Alkalinity (as Na ₂ O)	Very High
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content (as P)	<2.0%
USDA Rating	A2

Product Number

17848

Packaging

4x8 lb. case
