

NEUCLEAN™

Lemon Scented pH Neutral Cleaner for Resilient Floors

A professional quality detergent for removing built-up dirt and grime from non-porous floors. Recommended where deep cleaning is needed without dulling or stripping. Contains no harmful alkalis, solvents or other ingredients which might remove finish. pH below 9.0 in solution. Effective on all types of resilient flooring. May be used with a mop or with a floor machine. An essential product for a quality floor maintenance program. Fresh lemon scent.

Directions for Use

Mop and Bucket Cleaning: Dilute 2-4 ounces per gallon of hot water. Apply solution with a mop, allow several minutes dwell time to penetrate soils, then rinse completely with clean water. Allow floor to dry before use. Spray buff as needed to restore floor's gloss. Do not overuse product, as dulling of finish may result.

Automatic Floor Scrubbers: Dilute 1-2 ounces of this product per gallon of hot water in the machine's solution tank. Scrub and rinse floor as recommended by machine manufacturer.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	Yellow Liquid
Odor	Lemon
pH (1% solution, 22°C)	<8.0
Foaming	Moderate
Flash Point	None
Bulk Density (lbs/gal, 22°C)	8.73 ±0.1
Stability Range	40-100°F
Free Alkalinity (as Na ₂ O)	Low
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content	None
