POLYFOAM™

BLUE

Low pH Triple-Foam Polish and Conditioner

for Tunnel and Self-Serve Car Washes

A low pH triple-foam polish and conditioner that produces thick “rainbow foam” when applied through a polish arc with compressed air. Provides lubricity to bristles and cloth while generating thick, long-lasting foam. Low pH improves rinsing and drying. Apply directly before spray wax or clearcoat sealer. Fresh cherry fragrance and clinging colored foam enhances customer experience.

Directions for Use

For aerated conveyor foam polish arches, apply this product at a dilution rate of 120:1 - 240:1 (approximately 1-2 oz per gallon of water). Adjust as needed to achieve desired foam level and color intensity.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.
