## Low pH Triple-Foam Polish and Conditioner for Tunnel and Self-Serve Car Washes

A low pH triple-foam polish and conditioner that produces thick “rainbow foam” when applied through a polish arc with compressed air. Provides lubricity to bristles and cloth while generating thick, long-lasting foam. Low pH improves rinsing and drying. Apply directly before spray wax or clearcoat sealer. Fresh cherry fragrance and clinging colored foam enhances customer experience.

### Directions for Use

For aerated conveyor foam polish arches, apply this product at a dilution rate of 120:1 - 240:1 (approximately 1-2 oz per gallon of water). Adjust as needed to achieve desired foam level and color intensity.

### Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from [www.crown-chem.com](http://www.crown-chem.com).
