

POLYFOAM™

Thick Colored Foam Polish & Conditioner for Car Washes

A high foaming polish and conditioner that produces thick “rainbow foam” when applied through a polish arc with compressed air. Provides lubricity to bristles and cloth while generating thick, long lasting foam. Fresh cherry fragrance and clinging colored foam enhances customer appeal. This product should be used directly before application of a spray wash additive or clearcoat sealer.

Directions for Use

For aerated conveyor foam polish arches, apply this product at a dilution rate of 120:1 - 240:1 (approximately 1-2 oz per gallon of water). Adjust as needed to achieve desired foam level and color intensity.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com.
