

Chlorinated POWERHOUSE™

High Performance Solid Machine Dishwash Detergent

A top performing solid dishmachine detergent for outstanding results in the most demanding applications. Designed for use in institutional kitchens, cafeterias, catering and banquet facilities and other food-service operations. Fortified with detergent polymers for unsurpassed results in soft or hard water accounts using high or low temperature dishmachines. Contains chlorine for improved cleaning, destaining and rinsing. Delivers complete cleaning of the dirtiest dishes, pots, pans, glassware, and silverware in a single pass. Not recommended for use on aluminum, silver plate, tin, pewter, galvanized or other non-ferrous metals. Solid form minimizes contact.

Directions for Use

This product is designed to be dispensed with equipment installed and/or approved by your Service Representative. Remove cap and invert bottle on proper solid bowl dispenser. Consult your Representative for information on equipment setup, usage level and cleaning procedures. For best results, use with hot water. **Not for manual dish washing or presoaking.**

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com.

Technical Specifications
