

PURGE™

Fast Acting Clog Remover and Drain Opener • Non-Fuming

Delivers fast relief for clogged or slow running drains. Contains powerful alkalis and other ingredients formulated to rapidly dissolve hair, grease, soap scum, oil, fat, food residues, and most other organic blockages. Heavy liquid pours through standing water right to the clog. Non-fuming formula makes this product easier to use. Safe for periodic use on drains made of plastic, PVC, and metal. Also suitable for periodic use in garbage disposals and septic systems.

Directions for Use

Pour 10-20 ounces slowly into drain. Usage amount depends on severity of blockage. Allow 5-30 minutes for chemical action to penetrate and dissolve clog. When drain is clear, flush well with hot water to remove chemical and solid residues. Repeat if necessary using additional product and longer working time. **Important:** Do not use a plunger or other mechanical device for opening drain while using this product--chemical splashing may occur. Do not use this product if other chemical drain openers have been used unsuccessfully--mixing chemicals together in drain may cause violent and dangerous reactions. Consult a plumber. Not recommended for use in toilets.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	Brown Liquid
Odor	Characteristic
pH (1% solution, 22°C)	>11.5
Foaming	Moderate
Flash Point	None
Density (lbs/gal, 22°C)	12.7±0.1
Stability Range	60-120°F
Free Alkalinity (as Na ₂ O)	>30.0%
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content (as P)	None

Product Number

19212

Packaging

12x1 qt. case
