SensationTM

Fresh Breeze

Fabric and Air Freshener and Odor Eliminator

A premium odor freshener for upholstery, bedding, carpeting, drapery, clothing and other fabric. Also excellent for eliminating objectionable odors in waste receptacles, restrooms, kitchens, restaurants, taverns, locker rooms, shower areas, kennels, automotive interiors and more. Not a mask - actually attacks and chemically destroys the source of odors on contact. May be applied with spraying, atomizing or fogging equipment or as an additive in a mop bucket or carpet extraction unit. Leaves behind a pleasant, lingering odor.

Directions for Use

Fabric Refreshing: Spray fabric lightly to eliminate odors. Avoid use around pets. Do not use on fabric which may water spot, such as leather, suede or silk.

Restrooms, Kitchens, Restaurants, Taverns, etc.: Preclean areas to be deodorized to remove the soils that may harbor odor-causing bacteria. Use at full strength or dilute this product at 2-8 ounces per gallon of water depending on the strength of the odor encountered. Apply by spraying on areas where odors originate, including floors, walls, restroom fixtures, dividers, and so forth. For general air freshening, spray undiluted product into the air using the finest spray mist available. Allow to air dry. To prevent slippage, avoid overwetting floors.

Waste Receptacles, Garbage Chutes, Dumpsters: Preclean accumulated soil from surfaces. Apply product at full strength using a hand-held or garden-type sprayer. Allow to air dry.

Mop Bucket, Carpet Extraction: As an additive for floor or carpet cleaning, dilute 2-4 ounces of this product per gallon of diluted cleaning solution.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.
