

SOLID DISH

Non-Phosphated Green Formula Machine Dish Detergent

This product is a green formulated machine dishwashing detergent that provides excellent cleaning performance while being safer to use and environmentally friendly. Cuts food soils and grease equal or better than traditional solid detergents. Formulated without phosphates, alkali hydroxides, NTA, EDTA, nonylphenols or other toxic or environmentally unsafe ingredients. Very effective on greasy pots, pans, dishes, glassware, silverware and cooking utensils. Ideal for use in high or low temp dishmachines. Fortified with special detergent builders for great results in accounts with soft or medium hardness water. Safe for use on aluminum, silver plate, tin, pewter, galvanized and other non-ferrous metals. Solid form minimizes contact.

Directions for Use

This product is designed to be dispensed with equipment installed and/or approved by your Service Representative. Remove cap and invert bottle on proper solid bowl dispenser. Consult your Representative for information on equipment setup, usage level and cleaning procedures. For best results, use with hot water. **Not for manual dish washing or presoaking.**

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	White Solid
Odor	Characteristic
pH (.25% solution, 22°C)	<11.0
Foaming	None
Flash Point	NA
Bulk Density (lbs/gal, 22°C)	14.40 ±0.1
Stability Range	20-100°F
Free Alkalinity (as Na ₂ O)	High
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content (as P)	None

Product Number

10948

Packaging

4x8 lb. case*

*Bottles have grip handles
