

STAIN SOLVE™

Stain Remover for Protein and Organic Stains

An enzyme-fortified laundry stain remover formulated to treat a wide variety of protein and organic soils. Designed for use in institutional and industrial laundry applications on sheets and towels, blankets, table linens, uniforms, rags, coveralls, etc. Effectively penetrates and dissolves soils prior to washing. Fortified with high concentrations of solvents, surfactants, and a synergistic blend of enzymes for unsurpassed penetration and removal of stubborn soils. Thickened formula improves contact time and soil penetration. An essential product for maintaining clean laundry without damaging fabric. Non-flammable, non-hazardous and non-corrosive. Biodegradable.

Directions for Use

Prior to use, test this product in an inconspicuous area to assure compatibility with fabric to be treated.

Prespotting: Spray this product onto stains. Allow to remain on fabric for 5-10 minutes prior to laundering.

Presoaking: For heavily soiled or stained fabric, this product may be used at full strength or diluted up to 3:1 with hot water. Place stained laundry into soaking vessel, then pour this product into vessel, immersing fabric completely. Allow to soak for at least 30 minutes, up to 8 hours, then launder as usual.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com

Technical Specifications

Appearance	Amber Liquid
Odor	Lemon
pH (1% solution, 22°C)	<11.5
Foaming	High
Flash Point	>200°F
Density (lbs/gal, 22°C)	8.50 ±0.1
Stability Range	50-100°F
Free Alkalinity (as Na ₂ O)	None
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content (as P)	None

Product Number

21106

Packaging

6x1 qt. case*

*One sprayer included per case
