

TECHNICAL DATA SHEET

STRONG MAN™

Oven & Grill Cleaner-Degreaser

SPRAY, SCRUB & RINSE

Dissolves tough deposits of built-up grease and carbon in and around ovens, grills, fryers, stoves, exhaust fans, hoods, filters and other stainless surfaces. Fortified with a powerful blend of solvents, alkalis, and surfactants for unsurpassed penetration and removal of stubborn soils. Non-abrasive and non-flammable. Not recommended for use on aluminum, tin, pewter or other non-ferrous or galvanized metals.

Directions for Use: Always wear appropriate personal protective equipment. Use in either a warm (150°F– 200°F) or cold oven. Do not use in a hot oven or on hot grill surfaces. Pre-scrub to remove heavy food deposits. Spray liberally onto soiled surfaces. Do not breathe vapors. Do not spray on pilot lights or heating elements. Allow 10-15 minutes contact time to penetrate grease and carbon buildup. Cold surfaces may require a longer contact time. Scrub heavy grease deposits with a scouring pad. Flush surfaces with clean water to remove chemical and grease residue. Repeat flushing as needed to assure complete removal. Apply a vinegar solution to grills and fryers to neutralize any chemical residues. Clean oven racks and grill grates separately in three compartment sink.

TECHNICAL SPECIFICATIONS

Appearance	Brown Liquid
Odor	Characteristic
pH (full strength)	>12.0
Foaming	High
Flash Point	None
Bulk Density (lbs/gal, 72°F)	9.20 ±.10
Stability Range	50 - 100°F
Free Alkalinity (as Na ₂ O)	High
Solubility (in H ₂ O, 72°F)	100%
Phosphate Content (as P)	None

PRODUCT NUMBER

RC2061

PACKAGING

6x1 qt. case
