

SUNBRITE™

High Performance Powdered Chlorine Laundry Bleach

Superior quality powdered chlorine bleach for most institutional and light industrial laundry applications. Utilizes a controlled chlorine release system to safely and effectively remove stains and brighten fabrics. Ideally suited for white cottons and linens. Not recommended for colored fabrics. Contains optical brighteners for enhanced fabric appearance. Phosphate-free formula. Suitable for residential use.

Directions for Use

Use approximately ¼ cup (2 ounces) of this product per 35 lb. load in top loading machines. Increase the concentration to ½ cup (4 ounces) if fabric has a higher level of staining or discoloration. Add to wash water at second sudsing stage and run machine 10-15 minutes. For best results, pretreat stains and spots, use softened water, and follow manufacturer's label directions carefully. Do not apply directly to fabric.

This product may be used as a presoak for badly stained white fabrics. To prepare a presoak solution, dilute 1-2 ounces per gallon of warm water (not hot). Soak for 15 minutes or longer, overnight if possible, then wash as usual.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's may be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	White Powder
Odor	Chlorine
pH (1% solution, 22°C)	<11.5
Foaming	Low
Flash Point	N/A
Bulk Density (lbs/gal)	9.00 ±0.1
Stability Range	N/A
Free Alkalinity (as Na ₂ O)	High
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content (as P)	None
Chlorine Content	>8.0%
USDA Rating	B1
